- 13.4 The bid security (EMD) shall be scanned and uploaded along with the Techno-Commercial bid (Part-I).
- 13.5 The required bid security shall be physically handed over to the OWNER in one original and two copies on or before the last date and time of submission of the bid specified in the tender.
- 13.6 Any bid security (EMD) not submitted in accordance with paras mentioned above will make the bid non-responsive and liable for rejection by OWNER.
- 13.7 The bid security may be forfeited:

- a) If a Bidder withdraws/modifies its bid during the period of bid validity specified in the bid documents or an extended bid validity period as agreed to by the Bidder from the time to time; or
 - b) If a successful Bidder does not acknowledge the Letter of Award (LOA) within the time schedule; or
 - c) If the successful Bidder fails to furnish the Contract performance Bank Guarantee within 30 calendar days after the date of Letter of Award or fails to sign the contract agreement.
- 13.8 Non-Responsive Bidder's Bid Security will be discharged /returned as promptly as possible by OWNER.
- 13.9 The Responsive Bidder's Bid Security will be kept valid and discharged upon the successful Bidder's signing of the contract agreement and submission and acceptance of the Contract Performance Bank Guarantee.
- 13.10 The successful Bidder's Bid Security will be kept valid and discharged upon the Bidder's signing of the contract agreement and submission and acceptance of the Contract Performance Bank Guarantee.
- 13.11 No interest shall be payable by OWNER on the above Bid Security.
- 13.12 In case the bid is submitted by a Joint Venture, the Bid Security shall be in the name of the Lead Partner.

14.0 PERIOD OF VALIDITY OF BIDS:

- 14.1 Bids shall be kept valid for **180 (One Hundred Eighty) days** after the date of bid opening as mentioned in the original tender notice. A bid valid for a shorter period will be considered as non-responsive.
- 14.2 In exceptional circumstances, OWNER may solicit the bidder's consent for extension of the period of validity. The request and the response thereto shall be made in writing (including FAX or email or tender portal). The bid security provided above shall also be extended by the same period as the extension in the validity of the bid. A bidder may refuse the request without forfeiting his bid security against such request.

15.0 BID PRICE:

- 15.1 The bidder shall quote the total price (Supply & Erection) inclusive of all Taxes and Duties showing details of breakup as per the Price bid Forms specified in e-tender portal. The details of price schedules are to be duly filled in and uploaded in the e-tender portal as per the Schedule(s).
- 15.2 The Price component for Supply (Ex-Works/Basic Price) shall remain FIRM during the contract period and shall not be subject to any variation whatsoever. However, any statutory variation in the rates of Taxes & Duties as applicable at the time of delivery of the materials during the approved contract period shall be to the account of the OWNER, against documentary evidence.
- 15.3 The price component for erection shall also remain FIRM during the contract period except statutory variation in the Service Tax. Any changes in the rates of Service Tax within the approved contractual completion period, the same shall be to the account of the OWNER, against documentary evidence.
- 15.4 No price variation to Ex-Works/Basic Price is allowed under this contract.
- 15.5 The Bidder shall furnish the price break-up for the Supply Component in the appropriate schedule of Bid Form to indicate the following:

- i) Ex-works price/ Basic Price (including Packing) of the equipment/materials (including tools and tackles etc).
 - ii) Packing and forwarding.
 - iii.) Excise Duty, Sales Tax (CST/VAT) payable on the transactions.
 - iv.) Charges towards freight and insurance for delivery of the equipment/ materials up to their final destinations.
 - v.) Other statutory levies (Entry TAX etc.) payable on the transactions.
 - vi) Any other charges as per the requirement of General Conditions of Contract/ Technical Specifications.
- 15.6 The Bidder shall furnish the total Erection Price inclusive of WCT & Service Tax at the applicable rate (without considering Reverse Mechanism) and any other charges required for completion of Erection & Commissioning as part of the scope of work in the appropriate schedule of Bid Form.
- 15.8 The revised/supplementary price bid shall not be considered for evaluation unless otherwise specifically asked by the OWNER.

16.0 PRICE BASIS AND PAYMENTS:

- 16.1 The Bidder shall quote in their proposals total price for each package covering entire scope of works as per the Technical Specifications. Bidders not quoting in the formats/schedules specified for the Price bid proposal shall be rejected.
- 16.2 The OWNER shall furnish the price break up considering the Bill of Quantity and Unit Rates for each Sub-station with Associated Lines of the package along with the LOA. The sum total of price for each Sub-station with Associated Lines shall match with the contract price for the package both for supply and erection.
- 16.3 The technical descriptions/specifications of items specified in the BOQ of Bidding Documents shall not be construed to limit the scope of work, and the same shall be read in conjunction with other parameters mentioned in the Technical Specifications and elsewhere in the bid documents to cover the entire scope of work.
- 16.4 Bidder shall indicate bid prices in Indian Rupees only.
- 16.5 Bidder shall furnish the details of Bank account in the prescribed format (Schedule of EFT Form) at Bid Proposal Sheet (BPS) along with bid in order to facilitate the owner to release payment electronically through Electronic fund Transfer system, if possible.
- 16.6 Statutory deductions (TAX, CESS etc) as applicable shall be effected.
- 16.7 Payment for the Supply & Erection shall be made as per the terms & Conditions of payment mentioned in the General Condition of Contract (Supply or Erection as applicable).

17.0 TAXES AND DUTIES:

- 17.1 **Transaction between the Contractor and their Vendors:** All Customs Duties, Excise Duties, Cess, Sales Taxes/VAT , Entry Tax and other Statutory Levies payable by the Bidders in respect of the transaction between the Bidder and their vendors while procuring any components, sub-assemblies, raw materials and equipment, shall be included in the bid price and no separate claim on this behalf will be entertained by the OWNER. However, any statutory variations in rates of taxes & duties during the contract period on the bought out items directly dispatched from the works of the Vendors of the Contractor shall be to the OWNER's account. The said statutory variations in the taxes & duties shall be payable/receivable based on the TAX INVOICE vis-à-vis the amount of taxes and duties breakup shown in the price schedule submitted by the Contractor at the time of

bidding. However, the payment towards changes in rates of taxes and duties shall be made to the contractor to the extent the resultant price after applying the revision in taxes and duties exceeds the quoted price.

- 17.2 Transactions between the OWNER and the Contractor:** Excise Duties, Sales Tax (VAT/CST), Entry Tax and other statutory levies in respect of the transactions between OWNER and the Contractor under the Contract, if any, shall not be included in the Ex-Works Supply Price but they should be indicated separately wherever applicable in the Bid Proposal Sheets. However, any statutory variation in the rates of Taxes & Duties as applicable at the time of delivery of the materials during the approved contract period shall be to the account of the OWNER, against documentary evidence. For the purpose of Entry Tax, if the bidder quotes nil against Entry Tax it will be deemed to be included/exempted in their quoted price and the same shall be borne by the bidder. If the bidder indicates that Entry Tax is to OWNER's Account, the amount of Entry Tax (..% age of sum of Ex-Works including Packing + Excise Duty+ Sales Tax/VAT + Freight & Insurance) as applicable shall be loaded to the Price quoted by the bidder for the purpose of evaluation.
- 17.3 Concessional Sales Tax declaration forms, as admissible, would be issued to the contractor, on their request, by OWNER for all items (as identified in the price schedule of the bid) to be supplied directly by the contractor and also in case of sourcing from Vendor through transit sales as may be permissible.
- In the event the OWNER is required to issue Way bill, the OWNER will be required to pay Entry Tax on materials entering in to the State. If the Contractor has quoted nil against the Entry Tax in their bid, in such a case the Entry Tax amount paid by the OWNER shall be deducted from the Bill of Contractor. If the Contractor has quoted the Entry Tax in their bid, in such a case the Entry Tax amount paid by the OWNER shall be recovered from the Bill of Contractor, if the Entry Tax is included in their bill.
- 17.4 As regards the Direct Taxes such as Income Tax, Surcharge on Income Tax etc and other statutory payments and other corporate taxes for which the contractor is liable shall be responsible for such payments to the concerned authorities.
- 17.5 The statutory deduction of taxes and duties at source as applicable, related to these works, shall be made by OWNER from the Contractor's bills for which the contractor cannot claim any reimbursement. TDS so deducted shall be deposited with the relevant tax Authorities & TDS certificates shall be issued by OWNER.
- 17.6 Discount (in % age or Lump sum), if any, offered by the bidder against the item schedule shall be expressly mentioned by the bidder in the bid form
- 17.7 Discount in % age as quoted by the Bidder, if any, shall be applied pro-rata on the amount quoted for individual item of the respective schedule before the discount.
- 17.8 If the discount is given at negotiation stage, if any, in Lump sum manner, the same will be converted into % age term and Para 17.7 shall be applied.
- 17.9 Bidder shall furnish the applicable rate structure of tax & duties in the un-priced schedules prescribed in the bid forms of the e-tender portal.
- 17.10 In case of any changes in the rate of taxes and duties after the submission of the bid, but before the evaluation of the price bid, the revised rate shall be considered for evaluation.

Similarly, if the rate of taxes and duties changes after the evaluation of the bid and before the issue of LOA, the revised rate shall be considered for issue of LOA.

18.0 INSURANCE:

The Bidder's insurance liabilities pertaining to the scope of works are detailed out in clauses titled 'Insurance' in General Terms and Conditions of Contract and in Erection Conditions of Contract of this Vol.I Bidder's attention is specifically invited to these clauses. - (ii) Bids submitted by telex/telegram will not be accepted.
- (iii) The OWNER reserves the right to reject any bid, which is not submitted in electronic mode and according to the instruction, stipulated above.

20.0 DEADLINE FOR SUBMISSION OF e-BIDS:

- 20.1 Soft copy of the bid shall be uploaded through the portal www.tenderwizard.com /OPTCL on or before the submission time and date as stipulated in the bidding document. Tender cost, Tender Processing Fees, Bid Security (Earnest Money Deposit), Power of Attorney, Joint Venture/Consortium Agreement & Power of Attorney of Joint Venture/Consortium Agreement (in case bid from Joint Venture/Consortium) must be received by the OWNER at the address specified under ITB not later than the time and date stated in the tender notification.
- 20.2 The OWNER may, at its discretion, extend this deadline for submission of bids by amending the Bidding Documents in accordance with ITB & for the reasons specified therein at any time prior to the time and date of submission of bid, in which case all rights and obligations of OWNER and bidders will thereafter be subject to the deadline as extended.

21.0 LATE BIDS:

- 21.1 Soft part of the bid will not be uploaded on the portal after expiry of submission time and the bidder shall not be permitted to submit the same by any other mode. In such case, even if the bidder has submitted the specific documents in hard copy in original (viz., Tender Cost, Tender Processing Fees & Bid Security,) within the stipulated deadline, its bid shall be considered as late bid. The hard copy submitted [specific documents (viz., Tender Cost, Tender Processing Fees & Bid Security)] shall be returned unopened to the bidder.
- 21.2 Hard copy of the bid security (EMD), Tender Cost and Tender Processing Fees of the bid received by the OWNER after the deadline for submission of bid prescribed by the OWNER pursuant to ITB will be considered as late bid even if the bidder has uploaded the

bid within the stipulated deadline. In such a case, the bid shall be rejected and shall not be considered at all any further. The late document (Tender Cost, Tender Processing Fees & Bid Security) received shall be returned unopened to the bidder.

22.0 MODIFICATION AND WITHDRAWAL OF BIDS:

- 22.5 Withdrawal/modification of submitted bid before the expiry of bid validity shall result forfeiture of Bidder's bid security, pursuant to ITB.

E. BID OPENING AND EVALUATION:

23.0 CLARIFICATION OF BIDS:

- 23.1 Prior to detailed Techno-Commercial package wise bid evaluation, the OWNER may, at its discretion, ask the Bidder(s) for a clarification of its bid. In case of erroneous/non submission of documents related to Techno-Commercial qualifying requirement, the OWNER may give the Bidder(s) not more than 07 working days notice to rectify/furnish such documents, failing which the bid shall be considered as non-responsive. The request for clarification and the response shall be in writing, and no change in the price or substance of the bid shall be sought, offered or permitted.
- 23.2 Techno Commercial discussion with Bidder(s) shall be arranged, if needed. Bidder shall depute his authorized representative(s) for attending the discussion. The representative(s) attending the discussion shall produce authorization from his organization to attend the discussion and sign the minutes of meeting on behalf of the organization. The authorized representative must be competent and empowered to settle all technical and commercial issues without any price implication to the OWNER.

24.0 EVALUATION OF TECHNO-COMMERCIAL & PRICE BID:

- 24.1 Evaluation of Techno-Commercial Part of Bid: The bids shall be independently evaluated package wise. Prior to detailed Bid evaluation, the OWNER will determine the substantial responsiveness of each Bid with respect to the Qualifying Requirement & other Bid Document requirements based on attachments uploaded (in .pdf formats) and Keyed in Schedules (in XLS formats) contained in the official e-tender portal of the OWNER and any other documents required to be furnished as per the clarifications sought for by the OWNER. A substantially responsive Bid is one, which conforms to the terms, condition and specification of the Bid Documents including e-tendering provisions without material deviation. A material deviation is one which affects or is likely to affect in a substantial way the scope of work, quality or performance of the works, or which limits in any

substantial way, inconsistent with the Bidding Documents and formats/schedules mentioned in e-tendering provision, the OWNER's rights or the Bidders' obligations as envisaged in the Bidding Documents and would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids. Further examination of only such Bids as are determined to be substantially responsive shall be taken up, unless otherwise determined by the OWNER. OWNER may waive any minor informality or non-conformity or irregularity in a bid, which does not constitute a material deviation, provided such waiver, does not prejudice or affect the relative ranking of any Bidder.

24.2 The complete scope of supplies and work/services has been defined in the Bidding Documents. Only those Bidders who take complete responsibility and who Bid for the complete scope of supplies and work/services as contained in the Bidding Document shall be considered for further evaluation.

24.3 A bidder may be Techno-Commercially eligible for any of the package(s) based on the Qualifying Requirement (except the Bid Capacity Qualification).

24.4 Thereafter, the bid capacity qualification shall be determined for respective bidder(s) to decide the no. of Package(s) for which price bid of bidder(s) shall be opened.

24.5 Opening of Price Part of Bid: Priced commercial part of only those Bidders, whose Bids are considered Techno-commercially responsive and meeting the Bid Capacity Qualification Criteria shall be opened package wise at a later date.

24.6 Evaluation of Price Bid: The Bid Price (Total of Supply and Erection) quoted by bidder shall be evaluated package wise separately in the following manner.

24.6.1 Arithmetical Correction:

- i. The price of all such items(s) against which bidder has not quoted rates/amount (viz. items left blank or against which "nil"/ "-" / "0" is indicated) in the schedule will be deemed to have been quoted free of cost or included in other item(s) and covered in the total quoted bid price.
- ii. (a) The Bidder should ensure that the unit prices for the same item furnished in various price schedules are consistent with each other. In case of any inconsistency in the Unit prices furnished in the price proposal of the bidder, the same shall be identified by the OWNER and OWNER shall consider the highest Unit price of the bidder for the purpose of evaluation and use the actual unit price quoted in their respective price schedule for the purpose of award of the Contract. The prices quoted by the Bidders shall be checked for arithmetic correction, if any, based on rate and amount filled by the Bidder in the respective price schedule.

(b) If there is a discrepancy between unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and total price shall be corrected. If there is a discrepancy in the quantity mentioned by the bidder from the quantity mentioned in the tender, the tendered quantity will prevail.

(c) If there is a discrepancy between words and figures, the amount in words will prevail.

- iii. The taxes and duties shall be considered for evaluation based on the applicable rate of taxes and duties mentioned in the Un-Priced Schedule (in .pdf Format) supported with the documentary evidence for exemption/concessional rate of Taxes & Duties. In the absence of any documentary evidence for exemption/concessional rate of Taxes & Duties, the applicable taxes and duties shall be considered for evaluation irrespective of the taxes and duties mentioned in the Un-Priced Schedule (in .pdf Format). If there is discrepancy between the taxes and duties quoted in the price schedule and as calculated applying the rate of taxes and duties mentioned above the later will prevail. If the bidder in his Schedule (in .pdf Format) indicates that Entry tax (on supply portion) & Service Tax (on Erection portion) other than the amount, the applicable Entry tax / Service Tax shall be loaded for the purpose of evaluation.

24.6.2 To arrive at the total evaluated prices following methodology shall be applied.

- i) Price evaluation shall be made package wise considering the total evaluated price (Total of Supply and Erection) inclusive of taxes and duties.
- ii) Price evaluation shall be made considering the BOQ specified in the Tender Document. In case of any deviation to the BOQ by the bidder, the BOQ specified in the Tender document shall be final and binding on the bidder.
- iii) Any discount/rebate (in % age or Lump sum) offered by the bidder only in the price proposal will be taken into consideration for evaluation of the price bids. Any discount/rebate offered in the bid documents other than that offered in the price proposal will be considered null and void for the purpose of price evaluation. Conditional discounts / rebates, if any, offered by the bidder shall not be taken into consideration for evaluation.
- iv) For the purpose of evaluation, loss capitalization of the Transformer shall not be considered.

24.6.3 Prices received in the price bid sheet (XLS Format) shall be used for Tabulation / Price Bid Comparison. The soft form of price bid Keyed in to the XLS format shall be final and binding on the Contractor.

24.6.4 The total evaluated prices of all the Bidders, Package wise, shall be compared to determine the lowest evaluated price.

25.0 CONFIDENTIALITY OF BID EVALUATION PROCESS:

- 25.1 Information related to the examination, clarification, evaluation and comparison of bids and recommendations for award of contract shall not be disclosed to Bidder or other person not officially concerned with such process. Any effort by Bidder to influence Owner's processing of bidding or award decisions may result in rejection of such Bidder's Bid.

26.0 PURCHASE PREFERENCE:

- 26.1 Central/State Public Sector Enterprises shall be extended purchase preference as per Government of India & Govt. of Odisha guidelines in force from time to time.

27.0 CONTACTING THE OWNER:

- 27.1 While the bids are under consideration, Bidders and / or their representatives or other interested parties are advised to refrain from contacting by any means, OWNER, and/or

his employees / representatives on matters related to the bids under consideration. OWNER, if necessary, will obtain clarifications on the bids by requesting for such information from any or all the Bidders, either in writing. Bidders will not be permitted to change the substance of the bids after the bids have been opened.

F. AWARD OF CONTRACT:

28.0 AWARD CRITERIA:

28.1 OWNER will award the contract package wise to the successful Bidder, whose bid has been determined to be the lowest evaluated price bid (total of Supply and Erection) among the substantially responsive bidders provided that the total evaluated price is reasonable and the Bidder is determined to be qualified to perform the Contract satisfactorily. However, a bidder will be awarded maximum up to four package(s) based on the L-I price or his Bid Capacity Qualification whichever is less. For this purpose the price bids of the Packages shall be opened independently package wise in a sequential manner as decided by the OWNER on a reasonable basis.

28.2 If the lowest evaluated prices (L1) of more than one responsive bidder are same, in such an event the work shall be awarded to the bidder whose bid capacity is higher.

In an event the L-I bidder backs out after the award of the Contract, the work may be awarded through negotiation to the bidder in ascending order of their evaluated prices subject to matching the L-I price(Total Cost).

29.0 RIGHT TO ACCEPT ANY BID AND TO REJECT ANY OR ALL BIDS:

29.1 OWNER reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of Contract, without thereby incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for OWNER action. OWNER also reserves the right to accept a Bid other than the lowest and to accept any Bid in whole or part, to annul the bidding process with or without notice or reasons. Such decisions by Owner shall bear no liability whatsoever consequent upon such decision.

30.0 LETTER OF AWARD:

30.1 Prior to the expiration of the period of bid validity and extended validity period, if any, OWNER will notify the successful Bidder in writing through Letter of Award, that their bid has been accepted.

30.2 The Letter of Award shall form part of the Contract. Within 07 days of receipt of the Letter of Award, the successful Bidder shall sign and stamp the same and return it to OWNER as a token of acknowledgement of the receipt of the LOA.

31.0 SIGNING OF CONTRACT:

31.1 The Contractor will prepare the Contract Agreement as per the proforma enclosed to this Volume-I and the same will be signed within **30(thirty)** days of issue of Letter of Award.

31.2 The Contractor will submit the Contract Performance Bank Guarantee as per LOA before signing the contract agreement.

- 31.3 The contractor shall also ensure to make necessary arrangement for signing of the quadripartite agreement between the Manufacturer, Contractor, OWNER and DISCOMs following handing over to OWNER and subsequently operation and maintenance done by DISCOMs 30 days prior to the handing over of the works by the OWNER to DISCOM.

32.0 CONTRACT PERFORMANCE BANK GUARANTEE:

- 32.1 As a Contract Performance Security, the successful Bidder, to whom the work is awarded, shall be required to furnish a Contract Performance Bank Guarantee (from list of Banks mentioned in the annexure to this documents) in non-judicial stamp paper of appropriate value (as per the prescribed format) en-cashable at Bhubaneswar Branch of the Issuing Bank only within 30 (thirty) days from the date LOA issued in favour of the OWNER, "ODISHA Power Transmission Corporation Ltd". The Bank Guarantee amount shall be equal to ten percent (10%) of the Contract Price separately for Supply portion and Erection portion. The bank guarantee shall be valid for 90 days over and above work completion period plus Guarantee Period. If the work completion period gets extended the Contract Performance Bank guarantee shall be extended accordingly. In case of JV/Consortium also the Contract Performance Bank Guarantee shall be 10% of the Contract Price contributed proportionately by the Lead Partner and other JV/Consortium Partner as per profit sharing ratio in their JV/Consortium agreement.
- 32.2 The above Contract Performance Bank Guarantee shall be submitted (Original and two nos. of copies) to the Owner for acceptance. However, on scrutiny if any deficiency is observed to the said CPBG, the contractor shall be intimated about such deficiency to resubmit the fresh CPBG and /or amended CPBG in lieu of the Original BG. However, the fresh/amended CPBG shall be submitted within the time schedule prior to the signing of the contract agreement. Despite above, if the CPBG is not submitted or it is still not acceptable to the Owner, contract shall become void and necessary action as per the contract shall follow.
- 32.3 The aforesaid CPBG shall be returned to the Contractor after successful completion of the guaranteed obligations under the contract.

- 7.1 The Contractor shall not, without the Owner's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the Owner in connection therewith, to any person other than a person employed by the Contractor in the performance of the Contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for the purpose of such performance.
- 7.2 Any document, other than the Contract itself, enumerated in various Contract documents shall remain the property of the Owner and shall be returned (in all copies) to the Owner on completion of the Contractor's performance under the Contract if so required by the Owner.

8.0 CONSTRUCTION OF THE CONTRACT:

- 8.1 Notwithstanding anything stated elsewhere in the bid documents, the Contract to be entered into will be treated as a divisible supply and erection Contract.

The contract shall be awarded on the successful bidder as follows:

- i) **First Contract:** For Ex-works supply of all equipment and materials, Inland transportation, insurance for delivery at site.
 - ii) **Second Contract:** For providing all other services like, unloading, storage, handling at site, installation, testing and commissioning including performance testing in respect of all the equipment supplied under the "First Contract" and any other services specified in the Bid Documents.
 - iii) Both these Contracts will contain interlinking cross-fall breach clause specifying that breach of one Contract will constitute breach of the other Contract.
- 8.2 Under the concept of divisible contract, Where the Owner hands over his Materials (OSM) to the Contractor for execution/even where the contractors' supplied Materials is handed over from the Owners Store/ from contractors project site store, then the Contractor shall at the time of taking delivery of the Materials/ dispatch documents be required to execute an Indemnity Bond in favour of the Owner in the form acceptable to Owner for keeping the equipment in safe custody and to utilize the same exclusively for the purpose of the said Contract. Samples of proforma for the Indemnity Bond are per the enclosed **Annexure-V** to this Volume-1.

- 8.3 It is clearly understood that the total consideration for the Contract(s) has been broken up into various components/key Mile Stones only (Work Completion Schedule) for the convenience of payment under the Contract(s) and for the measurement of deviations or modifications under the Contract(s).

9.0 MANNER OF EXECUTION OF CONTRACT:

- 9.1 The Owner shall issue the Letter of Award (LOA) to the Contractor, which shall be acknowledged by the contractor duly signed by the Authorized Signatory and Stamped and sent to the Owner within 07 (Seven) days of issuance of Letter of Award.
- 9.2 The Contractor shall finalise the Outline of Project Schedule (**Annexure-XVI**) earlier furnished at the time of the Bidding with the OWNER within 21 days from the date of LOA for approval. The agreed work completion schedule shall form part of the contract agreement and also be applied for levy of liquidated damages.

The contractor shall also submit the sub-station wise work completion schedule along with sub-station wise cost breakup with reference to agreed work completion schedule and LOA respectively.

- 9.3 The contract shall be signed within 30 (Thirty) days of the issue of the Letter of Award, at the office of the Owner on a date and time to be mutually agreed. The Contractor shall provide Contract Performance Bank Guarantee, appropriate power of attorney and other requisite documents before signing of the contract. However, due to any circumstances on the part of the contractor if they fail to submit the acceptable Contract Performance Bank Guarantee (CPBG) within the above mentioned 30 days time, the contractor can request for submission of the same beyond the above period. The Owner may allow a time period of maximum up to another 30 (Thirty) days depending on the merit of the request provided the Bid Security (EMD) is valid for a period one (1) month beyond the extension being sought by the successful bidder. In such case, the contractor has to submit the fresh CPBG / rectified CPBG as the case may be. In no case the contract signing should be extended beyond 60 days from the date of LOA.
- 9.4 The Contract Agreement will be signed in 03 copies (01 original & 2 copies) and the Contractor shall be provided with one signed original and the rest will be retained by the Owner.
- 9.5 The Contractor shall provide free of cost to the Owner all the Engineering data, drawings, and descriptive materials submitted with the bid, in at least three (3) copies (01 Original & 2 Copies) as a part of the Contract immediately after issue of Letter of Award.
- 9.6 Besides, the Contractor shall provide 03 copies (01 Original & 2 Copies) of the contract document to the Owner within seven (07) days after the signing of the Contract at his own cost.

10.0 ENFORCEMENT OF TERMS:

- 10.1 The failure of either party to enforce at any time any of the provisions of this Contract or any rights in respect thereto or to exercise any option therein provided, shall in no way be construed to be a waiver of such provisions, rights or options or in any way to affect the validity of the Contract. The exercise by either party of any of its rights herein shall not preclude or prejudice either party from exercising the same or any other right it may have under the Contract.

11.0 CONTRACTUAL OBLIGATION:

- 11.1 Unless otherwise terminated under the provisions of any other relevant clause, the obligation of the Contractor shall be deemed to have been ceased on the expiry of the 'Latent defect Warranty'.

B. GUARANTEES & LIABILITIES:**12.0 TIME - THE ESSENCE OF CONTRACT:**

- 12.1 The time and the date of completion of the Contract as stipulated in the Contract and so incorporated in the Letter of Award or any amendment there to shall be the essence of the Contract. The Contractor shall so organize his resources and perform his work as to complete it not later than the date agreed to.
- 12.2 An outline of the completion schedule of different activities prepared by the OWNER is enclosed at **Annexure-XVI**. The Contractor shall submit a detailed PERT network/Bar chart (In MS Project) consisting of adequate number of activities (Key Mile Stones) covering entire scope of work such as engineering, procurement, manufacturing, shipment and field erection activities including Civil works in line with the completion schedule of the OWNER, within Twenty One (21) days of the date of Letter of Award for approval of Owner. This network shall also indicate the interface facilities to be provided by the Owner and the dates by which such facilities are needed. The Contractor shall discuss the network so submitted with the Owner and the agreed network shall form part of the Contract documents. As provided in the clause of Terms of Payment in this Section, finalisation of the network/bar charts will be pre-condition to release of payment to the Contractor. During the performance of the Contract, if in the opinion of the Engineer-In-charge, progress is not in line with the schedule of the PERT Network, suitable changes shall be made in the Contractor's operations to ensure proper progress without any cost implication to the Owner. The corresponding interface facilities to be provided by the Owner shall also be reviewed accordingly.
- 12.3 Based on the above agreed work completion schedule (PERT/bar chart), the contractor shall supply the Materials and furnish monthly progress reports to the Engineer-In-Charge.
- 12.4 Such supply programme shall be reviewed, updated considering the progress of the work and site conditions and be submitted to the Engineer-In-Charge from time to time.
- 12.5 The above work completion schedule (PERT/Bar Charts)/manufacturing programme shall be compatible with the Owner's computer environment (MS Project) and furnished to the Owner on such media as may be desired by the Owner.

13.0 EFFECTIVE DATE OF CONTRACT:

The effective date of contract shall be reckoned from the date of issuance of Letter of Award.

14.0 LIQUIDATED DAMAGES – DELAY IN SUPPLY:

- 14.1 If the Contractor fails to supply the materials under the Contract, Owner shall have the right to levy liquidated damages @0.5% for each week of delay or part thereof limited to maximum of 10% of the cost of the undelivered portion of the materials with reference to

the agreed key mile stone of Supply of Materials/Equipment as per the agreed work completion schedule under the package.

- 14.2 Materials will be deemed to have been delivered only when all its components, parts/accessories and free spares are also delivered. If certain components are not delivered in time the materials will be considered as delayed until such time the missing parts are also delivered.
- 14.3 The total amount of liquidated damages for delay under the Contract will be subject to a maximum of 5% of the value of the Supply Contract.
- 14.4 The Owner shall recover the liquidated damages from the bills of the contractor.
- 14.5 However, if the liquidated damages remain un-recovered the same shall be recovered from the Contract Performance Bank guarantee.

15.0 PERFORMANCE GUARANTEE:

- 15.1 The Contractor shall guarantee that the materials will be new, unused and in accordance with the Contract documents and free from defects in material and workmanship for a period of 02 years commencing immediately after the satisfactory commissioning. The Contractor's liability shall be to the extent of repair/replacement of such defective equipment/material either arising from faulty design or defective equipment/materials and/or bad workmanship. Such defective equipment shall be handed over to the Contractor for repair or replacement by a new one, unless otherwise repairable at site. The Contractor shall complete the repair/replacement work within the reasonable time frame intimated by the Engineer-In-Charge.
- 15.2 If any defects are not remedied within the time frame, the Engineer-In-Charge may proceed to do the work at the Contractor's risk and cost but without prejudice to any other rights, which the Owner may have against the Contractor in respect of such defects.
- 15.3 In the event of any emergency, where in the judgment of the Engineer-In-Charge, delay would cause serious loss or damages, repair may be made by the Engineer-In-Charge or a third party chosen by the Engineer-In-Charge without advance notice to the Contractor and the cost of such work shall be recovered from the Contractor. In the event such action is taken by the Engineer-In-Charge, the Contractor will be notified in due course and he shall assist wherever possible in making necessary corrections. This shall not relieve the Contractor of his liabilities under the terms and conditions of the Contract.
- 15.4 If it becomes necessary for the Contractor to replace or renew any defective portions of the works the provision of this clause shall apply to portion of the works so replaced or renewed until the expiry of guarantee period.
- 15.5 The repaired or new parts will be supplied and erected free of cost by the Contractor. If any repair is carried out on his behalf at the site, the Contractor shall bear the cost of such repairs.
- 15.6 The cost of any special or general overhaul rendered necessary during the maintenance period due to defects in the equipment or defective work carried out by the Contractor, the same shall be borne by the Contractor.

- 15.7 The acceptance of the equipment by the Engineer-In-Charge shall in no way relieve the Contractor of his obligations under this clause.
- 15.8 In the case of those defective parts, which are not repairable at site but are essential for the operation of the equipment, the Contractor and the Engineer-In-Charge shall mutually agree to a programme of replacement or renewal, which will minimize interruption to the maximum extent in the operation of the equipment.
- 15.9 At the end of the guarantee period, the Contractor's liability ceases except for latent defects.
- 15.10 In respect of goods supplied by Vendor (Manufacturer) to the Contractor where a longer guarantee (more than 02 years) is provided by such Vendor/(Manufacturer), the Owner shall be entitled to the benefits of such longer guarantee.
- 15.11 The provisions contained in this clause will not be applicable.
- a) If the Owner has not used the equipment according to generally approved industrial practice and in accordance with the conditions of operations specified and in accordance with operating manuals, if any.
 - b) In cases of normal wear and tear of the parts to be specifically mentioned by the Contractor in the offer.
- 15.12 The contractor shall not stand guarantee for the materials supplied by OWNER but shall stand guarantee during the erection of the materials.
- 15.13 FUNCTIONAL GUARANTEES: Bidder shall state the guaranteed technical particulars, performance or efficiency of different equipment/materials with respect to the Technical Specifications. Equipment/Materials offered shall have guaranteed acceptable particulars / performance/efficiency specified in Technical Specification.

16.0 LATENT DEFECT WARRANTY:

- 16.1 The period of latent defect warranty shall be 05 years reckoned from the date of completion of guarantee period.
- 16.2 The latent defect warranty shall mean such warranties which are 'Latent' to the equipment supplied or erected which would not normally be discovered/seen by an inspection nor discoverable during the defects liability period. These are concealed flaws which one would normally not expect from the item during the execution of the contract or during the guarantee period but subjected from a manufacturing defect for which the contractor shall remain liable for replacement/rectification for such 'Latent' defect.
- 16.3 OWNER shall exercise the right of latent defect warranty for replacement/rectification of Supply/Workmanship.
- 16.4 The OWNER will have a claim in damages against the contractor if the defects are a result of the contractor's breach of contract and/or negligence and the OWNER suffers loss as a result.

17.0 ANNUAL MAINTENANCE CONTRACT (AMC):

< Not Applicable to this Tender >

18.0 AFTER SALES SERVICES:

- 18.1 Contractor shall ensure that the respective Manufacturer extends necessary facilities towards after sales service to the equipment for all line works commissioned by them after completion of Annual Maintenance Period on DISCOM/OWNER entering in to the after sales services arrangement at its option. The contractor shall produce a consent letter from the Manufacturer to this effect in the bid.

19.0 LIMITATION OF LIABILITIES:

- 19.1 The final payment by the Owner in pursuance of the Contract shall mean the release of the Contractor from all his liabilities under the Contract except for liabilities under Defect liability period, Guarantee period and Latent Defect Warranty period. Such contractual liabilities and responsibilities of the Contractor shall prevail till expiry of the Latent Defect Warranty period even after the final payment is released.

20.0 REPLACEMENT OF DEFECTIVE PARTS AND MATERIALS:

- 20.1 If during the performance of the Contract, the Engineer-In-Charge decides and informs in writing to the Contractor that the Contractor has manufactured/supplied any equipment, material or part of equipment which is defective and imperfect or inferior to the quality specified, the Contractor on receiving details of such defects or deficiencies shall at his own expense within seven (7) days of his receiving the notice, or otherwise, within such time as may be reasonably necessary for making it good and proceed to repair/replace such equipments. In case, the Contractor fails to do so, the Engineer-In-Charge may on giving the Contractor seven (7) days notice in writing of his intentions to do so, proceed to remove the portion of the equipments so complained of and at the cost of the Contractor, perform all such repairs/replacement provided that nothing in this clause shall be deemed to deprive the Owner of or affect any rights under the Contract which the Owner may otherwise have in respect of such defects and deficiencies.

21.0 INSPECTION AND TESTING:

- 21.1 The materials shall be inspected by the Third Party Inspecting Agency (TPIA) and OWNER or any authorized representative of the OWNER at the Contractor's or its Vendor's manufacturing works. The Contractor shall give the advance notice in writing about the place of Inspection and/or Testing at least 15 days before the schedule date on which the equipment/materials will be ready for Inspection and/or Testing. Routine test certificates are to be submitted along with the offer for inspection.
- 21.2 The OWNER or his representative shall be entitled at all reasonable times during manufacture / installation to inspect, examine and test the equipment/materials at the contractor's/Vendors premises / erection site about workmanship of the materials to be supplied under this contract. The contractor shall provide unhindered clearance, giving full rights to the OWNER to inspect, examine and test as if the equipment/materials were being manufactured in his premises/Vendors Premises. Such inspection / examination and testing shall not relieve the contractor of his obligations under the contract.
- 21.3 The Engineer-In-Charge shall have the right to re-inspect any equipment/materials though previously inspected and approved by him at the Contractor's or its Vendor's works, before and after the same are erected at Site. If by the above inspection, the OWNER

rejects any equipment, the Contractor shall make good for such rejections either by replacement or modifications/repairs as may be necessary to the satisfaction of the Engineer-In-Charge, free of cost. Such replacement will also include the replacements or re-execution of such of those works of other Contractors and/or agencies, which might have got damaged or affected by the replacements or re-work done to the Contractor's/Vendor's work.

- 21.4 However, major Equipment/Materials shall be inspected at Contractor's or its Vendor's Manufacturing premises and other minor Equipment/Materials shall be inspected at Store/Work Site by the Third Party Inspecting Agency (TPIA) and/or Authorized representative of the OWNER. The OWNER will decide the list of such Materials/Equipment.
- 21.5 TPIA expenditure to be borne by OWNER. However, for any default on the part of the contractor or its vendor (materials not ready for inspection/2nd time inspection of the same equipment/works due to short comings in the equipment/works offered for inspection) the consequential charges shall be recovered from the Contractor.

22.0 PATENT RIGHTS AND ROYALTIES:

- 22.1 Royalties and fees for patents covering materials, articles, devices, equipment or processes used in the works shall be deemed to have been included in the Contract Price. The Contractor shall satisfy all demands that may be made at any point of time for such royalties or fees and he alone shall be liable for any damages or claims for patent infringements and shall keep the Owner indemnified in that regard. The Contractor shall, at his own cost and expense, defend all suits or proceedings that may be instituted for alleged infringement of any patents, and, in case of an award of damages, the Contractor shall pay for such award. In the event of any suit or other proceedings instituted against the Owner, the same shall be defended at the cost and expense of the Contractor who shall also satisfy/comply with any decree, order or award made against the Owner. But it shall be understood that no such machine, plant, work, material or thing has been used by the Owner for any purpose or any manner other than that for which they have been supplied and installed by the Contractor and specified in the tender documents. Final payment to the Contractor by the Owner will not be made, if the equipment, or any part thereof supplied by the Contractor, is in such suit or proceedings held to constitute infringement, the Contractor shall at his option and at his own expense, either procure for the Owner, the right to continue the use of said equipment or part thereof, replace it with non-infringing equipment or modify it, so it becomes non-infringing.

23.0 ENGINEER-IN-CHARGE'S DECISION:

- 23.1 In respect of all matters which are left to the decision of the Engineer-In-Charge including the granting or with-holding of the certificates, the Engineer-In-Charge shall, if required to do so give in writing a decision thereon.
- 23.2 If, in the opinion of the Contractor, a decision made by the Engineer-In-Charge is not in accordance with the meaning and intent of the Contract, the Contractor may file with the Engineer-In-Charge, within fifteen (15) days after receipt of the decision, a written objection to the decision. Failure to file an objection within the allotted time will be considered as an acceptance of the Engineer-In-Charge's decision and the decision shall become final and binding.
- 23.3 The Engineer-In-Charges' decision and the filing of the written objection thereto shall be a condition precedent to the right to request arbitration. It is the intent of the Contract that

there shall be no delay in the execution of the works and the decision of the Engineer-In-Charge as rendered shall be promptly observed.

24.0 VARIATION IN QUANTITY:

- 24.1 Deviation to the scope of works is not permissible under the contract. However, any variation to the scope during execution shall only be made with the prior approval of OWNER justifying the reason of such changes. Changes in quantity within the limit of $\pm 25\%$ of the BOQ of the scope of work shall be allowed by OWNER at the same Unit Price. However, for any change in quantity more than 25% of the BOQ of the scope of work, contractor shall have to allow a discount of 10% to their Unit price.
- 24.2 Accordingly, the Contract price shall be adjusted based on the unit rates available in the Contract for the variation in quantities as above.
- 24.3 In case a new item(s) are required during the execution of the contract for which unit rates are not available in BOQ, the same shall be subjected to mutual agreement based on the latest purchase order issued within six (06) months by any Distribution / Transmission Utility. C. MATERIALS/EQUIPMENT HANDLING & STORAGE:

36.0 MATERIALS/EQUIPMENT HANDLING AND STORAGE:

- 36.1 All the equipment arriving at Site shall be promptly received, unloaded, transported and stored in the storage spaces by the Contractor. Indoor Equipment(s) such as Relay and Panels are to be stored inside the Store House.
- 36.2 Contractor shall be responsible for examining all the shipment and notify the Engineer-In-Charge immediately of any damages, storage, discrepancy etc, for the purpose of Engineer-In-Charge's information only. The Contractor shall submit to the Engineer-In-Charge every week a report detailing all the receipts during the week. However, the Contractor shall be solely responsible for any shortages or damages in transit, handling and/ or in storage and erection of the equipment at Site. Any demurrage, wharfage and other such charges claimed by the transporters, railways etc, shall be to the account of the Contractor.

- 36.3 The Contractor shall maintain an accurate and exhaustive record-detailing out the list of all equipment received by him for the purpose of erection and keep such record open for the inspection of the Engineer in-charge.
- 36.4 All equipment shall be handled very carefully to prevent any damage or loss. No bare wire ropes, slings, etc. shall be used for unloading and/or handling of the equipment without the specific written permission of the Engineer-In-Charge. The equipment stored shall be properly protected to prevent damage either to the equipment or to the floor where they are stored. The equipment from the store shall be moved to the actual location at the appropriate time so as to avoid damage of such equipment at Site.
- 36.5 All electrical panels, control gears, motors and such other devices shall be properly dried by heating before they are installed and energized. Motor bearings, slip ring, commutators and other exposed parts shall be protected against moisture ingress and corrosion during storage and periodically inspected.
- 36.6 All the electrical equipment such as motors, generators, etc. shall be tested for insulation resistance at least once in three months from the date of receipt till the date of commissioning and a record of such measured insulation values shall be maintained by the Contractor. Such records shall be opened for inspection by the Engineer-In-Charge.
- 36.7 The Contractor shall ensure that all the packing materials and protection devices, used for various equipment during transit and storage, are removed before the equipment are installed.
- 36.8 The consumable and other supplies likely to deteriorate due to storage must be thoroughly protected and stored in a suitable manner to prevent damage or deterioration in quality during storage.
- 36.9 All the materials stored in the open or dusty location must be covered with suitable weather proof and flame proof covering material wherever applicable.

- i.) The contractor shall construct suitable godown at the work site for storing the materials/equipment safely against damage by rain, dampness, fire, theft etc. He shall also employ necessary watch and ward establishment for the purpose.
- ii.) It shall be duty of the contractor to inspect the material handed over to him at the time of taking delivery and satisfy himself that they are in good condition. It shall be the responsibility of the contractor to keep them in good condition and if the materials are damaged or lost, at any time, they shall be repaired and/or replaced by him at his own cost, according to the directions of the Engineer-in Charge.
- iii.) The Owner shall not be liable for delay in supply or non-supply of any materials, which the Owner has undertaken to supply where such failure or delay is due to natural

calamities, act of enemies, transport and procurement difficulties and any circumstance beyond the control of the Owner. In no case, the contractor shall be entitled to claim any compensation or loss suffered by him on this account.

- iv.) It shall be responsibility of the contractor to arrange in time all materials required for the works other than those to be supplied by the Owner. If, however, in the opinion of the Engineer-in-Charge the execution of the work is likely to be delayed due to the contractor's inability to make arrangements for supply of materials, the Engineer-in-Charge shall have the right, at his own discretion, to arrange such materials. The contractor shall bear the cost of such purchase/supply of materials. This, however, does not in any way absolve the contractor from his contractual obligation.
- v) Materials supplied shall not be utilized for any other purpose(s) other than the purpose for which it has been supplied. The contractor shall be required to execute an indemnity bond in the prescribed form, for safe custody and accounting of all materials as if the same are issued by the Owner.
- vi) A daily account of the materials shall be maintained by the contractor indicating the daily receipt, consumption and balance in hand. This account shall be maintained in a manner prescribed by the Engineer-in-Charge along with all connected Papers viz. requisition, issues etc. and shall be always available for inspection in the contractor's office at site. The contractor is required to submit fortnightly receipt, consumption and balance Materials report to Engineer-In-Charge.
- vii) The contractor should see that only the required quantities of materials are got issued. The contractor shall not be entitled to cartage and incidental charges for returning the surplus materials, if any, to the stores from where they were issued to the place as directed by the Engineer-in-Charge.
- viii) Materials supplied by Owner, if any, shall not be utilized for any other purpose(s) than issued for.

37.0 INDEMNITY BOND:

- 37.1 For the materials to be provided by the Contractor and/or for the Owner supplied items (OSM), if any, it will be the responsibility of the Contractor to take delivery, unload and store the materials at site and execute an indemnity bond in favour of OWNER against loss, damage and risks involved for the full value of the materials. This indemnity bond shall be furnished by the Contractor before commencement of the supplies and shall be valid till the scheduled date (including any extension thereof) of testing, commissioning and handing over the equipment and line to Owner.

38.0 STORAGE-CUM-ERECTION INSURANCE:

- 38.1 All the equipment and materials including spares being supplied by the Contractor shall be kept completely insured (110% value) by the Contractor at his cost from time of dispatch from the Contractor's works / Vender's works, up to the completion of erection, testing & commissioning at site and taking over of the sub-station and line by the owner in accordance with the Contract.
- 38.2 Further all equipment and materials being supplied by OWNER, if any, free of cost for the erection (as per Technical Specification) shall be kept insured by the Contractor against

any loss, damage, theft, pilferage or fire from the point of unloading up to the time of taking over by owner, including handling, transportation, storage, erection, testing and commissioning etc. The premium paid to the Insurance company by the Contractor for such insurance shall be reimbursed by OWNER to the Contractor. The Contractor shall obtain competitive quotation for such insurance and shall take prior approval from OWNER before taking the insurance. The insurable value of the equipment being supplied by OWNER shall be intimated to the Contractor for arranging the insurance.

- 38.3 It will be the responsibility of the Contractor to lodge, pursue and settle all claims with the insurance company in case of any damage, loss, theft, pilferage or fire during execution of Contract and OWNER shall be kept informed about it. The Contractor shall replace the lost/damaged materials promptly irrespective of the under/full/non-settlement of the claims by the underwriters and ensure that the work progress is as per agreed schedules. The losses, if any in such replacement will have to be borne by the Contractor.

39.0 CONTRACTOR'S STORES , WORKSHOP & CONSTRUCTION EQUIPMENTS:

- 39.1 The Contractor shall make his own arrangements for land for Stores and Workshops as required for storage of materials supplied and brought to site under the Contract at his own cost.
- 39.2 The Contractor shall bring to Site all Construction equipment, tools and tackles for the purpose of the works. All such equipment used for the purpose of the works, shall not on any account be removed or taken away by the Contractor without the written permission of the Engineer-In-Charge. The Contractor shall nevertheless be solely liable and responsible for any loss or destruction thereof and damage thereto.
- 39.3 After the completion of the Works, the Contractor shall remove all Construction equipment, tools and tackles etc. from the Site under the direction of the Engineer-In-Charge. If the Contractor fails to remove such materials, within fifteen (15) days of issue of a notice by the Engineer-In-Charge to do so then the Engineer-In-Charge shall have the liberty to dispose-off such materials and credit the proceeds thereof to the account of the Contractor after deducting the cost of disposal and demurrage etc.

40.0 SURPLUS MATERIALS:

- 40.1 Bidder shall plan & execute the contract in a manner such that no surplus material is accumulated after completion of the contract. On completion of the works all such materials supplied by OWNER and the Contractor (Construction Surplus) for which payment has been made by the OWNER, for erection that remain unutilized shall be returned to the owner, by and at the expense of the Contractor, in OWNER's store(s), except for the wastage allowed for various line materials in accordance with provision of the relevant clause.
- 40.2 The Contractor, within two (2) months from the handing over of the sub-station and lines under the package, shall return and account for the surplus materials, failing which necessary recoveries will be made from the outstanding bills of the Contractor for the cost of the materials not returned.

41.0 CONDITIONS FOR ISSUE OF OSM ITEM, IF ANY:

- i) Materials specified to be issued by the Owner will be supplied to the contractor by the Owner from his stores. It shall be the responsibility of the contractor to take delivery of the materials and arrange for its loading, transport and unloading at the site of work at his own cost. The materials shall be issued between the working hours and as per the rules of the Owner framed from time to time.

- ii) The contractor shall bear all incidental charges for the storage and safe custody of materials at site after these have been issued to him.

- vi) The Owner shall not be liable for delay in supply or non-supply of any materials, which the Owner has undertaken to supply where such failure or delay is due to natural calamities, act of enemies, transport and procurement difficulties and any circumstance beyond the control of the Owner. In no case, the contractor shall be entitled to claim any compensation or loss suffered by him on this account.
- vii) It shall be responsibility of the contractor to arrange in time all materials required for the works other than those to be supplied by the Owner. If, however, in the opinion of the Engineer-in-Charge the execution of the work is likely to be delayed due to the contractor's inability to make arrangements for supply of materials which normally he has to arrange for the Engineer-in Charge shall have the right, at his own discretion, to issue such materials. If available with the Owner or procure the materials from the market or elsewhere and the contractor will be bound to take such materials at the rates decided by the Engineer-in-Charge. This, however, does not in any way absolve the contractor from responsibility of making arrangements for the supply of such materials in part or in full, should such a situation occur, not shall this, constitute a reason for the delay in the execution.
- viii) None of the materials supplied to the contractor will be utilized by the contractor for manufacturing item, which can be obtained from standard manufacturer in finished form. The contractor shall, if desired by the Engineer-in-Charge be required to execute an indemnity bond in the prescribed form, for safe custody and accounting of all materials issued by the Owner
- ix) The contractor shall furnish to the Engineer-in-Charge sufficiently in advance a statement showing his requirements of the quantities of the materials to be supplied by the Owner and the time when the same will be required by him for the works, so as to enable the Engineer-in-Charge to make necessary arrangement for procurement and supply of the material.
- x) A daily account of the materials issued by the Owner shall be maintained by the contractor indicating the daily receipt, consumption and balance in hand. This account shall be maintained in a manner prescribed by the Engineer-in-Charge along with all connected.
- xi) Papers viz. requisition, issues etc. and shall be always available for inspection in the contractor's office at site.
- xii) The contractor should see that only the required quantities of materials are got issued. The contractor shall not be entitled to cartage and incidental charges for returning the surplus materials, if any, to the stores from where they were issued the place as directed by the Engineer-in-Charge.
- xiii) Materials supplied by Owner shall not be utilized for any other purpose (s) than issued for.

42.0 RECONCILIATION OF MATERIALS:

- 42.1 The Contractor shall prepare and submit every month, a material reconciliation statement to the Owner. The Contractor shall also prepare and submit a detailed account of Owner Issue materials, if any, received and utilized by him for reconciliation purpose to the Owner every month.

- 43.1 All demurrage, wharfage and other expenses incurred due to delayed clearance of the material or any other reason shall be to the account of the Contractor.

44.0 SPARES:

- 44.1 All the spares for the equipment under the contract will strictly conform to the specification and documents and will be identical to the corresponding main equipment / components supplied under the contract and shall be fully interchangeable.
- 44.2 All the mandatory spares covered under the contract shall be supplied along with the main equipment and the delivery would be completed by the respective dates for the various categories of equipment as per the agreed Work Completion Schedule.
- 44.3 The quality plan and the inspection requirement finalized for the main equipment will also be applicable for the corresponding spares.
- 44.4 The contractor will provide the Owner with the manufacturing drawings, catalogues, assembly drawings and any other document required by the owner so as to enable the owner to identify the recommended spares. Such details will be furnished to the Owner as soon as they are prepared but in any case not later than six months prior to commencement of manufacture of the corresponding main equipment.
- 44.5 The contractor will provide the owner with all the addresses and particulars of his Vendors while placing the order on vendors for items / components /equipment covered under the contract and will further ensure with his vendors that the owner, if so desires, will have the right to place order(s) for spares directly on them on mutually agreed terms based on offers of such vendors.
- 44.6 Warranty for spares:
The contractor shall warrant that all spares supplied will be new and in accordance with contract documents and will be free from defects in design, materials and workmanship and shall guarantee for 60 months from the scheduled date of commercial operation of the last unit of main equipment under the contract. In case of any failure in the original component / equipment due to faulty designs, materials and workmanship, the corresponding spare parts, if any, supplied will be replaced without any extra cost to the owner unless a joint examination and analysis by the Owner and the contractor of such spare parts prove that the defect found in the original part that failed, can safely be assumed not to be present in spare parts. Such replaced spare parts will have the same warranty as applicable to the replacement made for the defective original part/ component provided that such replacement for the original equipment and the spare replaced are again manufactured together. The discarded spare parts will become the property of the contractor as soon as they have been replaced by the contractor.

- 44.7 The contractor shall guarantee the availability of spares to the Owner for the full life of the equipment covered under the contract. The same provision will also be applicable to Sub-Contractor of any spares by the contractor or his Vendor.
- 44.8 Further in case of discontinuance of supply of spares by the contractor or his Vendors, the Contractor will provide the Owner with full information for replacement of such spares with other.
- 44.9 In case of emergency requirements of extra spares, the contractor would make every effort to expedite the manufacture and delivery of such spares on the basis of mutually agreed time schedule.
- 44.10 In case the contractor fails to supply the spares in accordance with the terms stipulated above, the owner shall be entitled to purchase the same from alternate sources at the risk and the cost of the contractor and recover from the contractor, the excess amount paid by the owner over the rated worked out on the above basis. In the event of such risk purchase by the owner, the purchases will be as per the works and procurement policy of the owner prevalent at the time of such purchases and the owner at his option may include a representative of the contractor in finalizing the purchases.
- 44.11 It is expressly understood that the final settlement between the parties in terms of the relevant clauses of the Bidding Documents shall not relieve the contractor of any of his obligations under the provision of availability of spares unless otherwise discharged in writing by the owner.

E. RISK DISTRIBUTION:

45.0 OWNER'S LIEN ON EQUIPMENT:

- 45.1 The Owner shall have lien on all equipment including those of the Contractor brought to the Site for the purpose of erection, testing and commissioning of the equipment. The Owner shall continue to hold the lien on all such equipment throughout the period of Contract. No material brought to the Site shall be removed from the Site by the Contractor and/or his Vendors without the prior written approval of the Engineer-In-Charge.

46.0 TRANSFER OF TITLE:

- 46.1 Transfer of title in respect of equipment and materials supplied by the Contractor to OWNER pursuant to the terms of the Contract shall pass on to OWNER with transfer of negotiable documents to title.
- 46.2 This Transfer of Title shall not be construed to mean the acceptance and the consequent "Taking Over" of equipment and materials. The Contractor shall continue to be responsible for the quality and performance of such equipment and materials and for their compliance with the specifications until "Taking Over" and the fulfillment of guarantee provisions of this Contract.
- 46.3 This Transfer of Title shall not relieve the Contractor from the responsibility for all risks of loss or damage to the equipment and materials as specified under the clause entitled "Insurance" of this Section.

47.0 DEFENCE OF SUITS:

- 47.1 If any action in court is brought against the Owner or Engineer-In-Charge or an officer or agent of the Owner, for the failure, omission or neglect on the part of the Contractor to perform any acts, matters, covenants or things under the Contract, or for damage or injury caused by the alleged omission or negligence on the part of the Contractor, his agents, representatives or his Sub-Contractors, or in connection with any claim based on lawful demands of Vendors, workmen, suppliers or employees, the Contractor shall in all such cases indemnify and keep the Owner, and the Engineer-In-Charge and/or his representative, harmless from all losses, damages, expenses or decrees arising of such action.

48.0 EMBOSSING / PUNCHING / CASTING:

- 48.1 All equipments and materials supplied /erected under the Project shall bear distinct mark of “**ODAFFP, OPTCL, LOA No.& Date.....**” by a way of embossing / punching / casting and specific Mark (Green mark for Agriculture Feeder lines and Yellow marks for Fishery Feeder lines). This should be clearly visible to naked eye.

49.0 REJECTION OF MATERIALS:

- 49.1 In the event, any of the materials supplied by the Contractor is found defective due to faulty design, bad workmanship, bad materials used or otherwise not in conformity with the requirements of the Specification, the Purchaser shall either reject the materials / equipment or ask the Contractor in writing to rectify the same. The Contractor on receipt of such notification shall either rectify or replace the defective materials free of cost to the OWNER. If the Contractor fails to do so, the OWNER may :
- i. At its option replace or rectify such defective materials/equipment and recover the extra costs so involved from the Contractor plus fifteen percent and / or.
 - ii. Terminate the contract for balance work / supplies with enforcement of liquidated damage Clause as per contract for the un-delivered materials and with forfeiture of Contract Performance Bank Guarantee.
 - iii. Acquire the defective equipment / materials at reduced price considered equitable under the circumstances.

50.0 EVENTS OF DEFAULT:

Each of the following events or occurrences shall constitute an event of default (“Event of Default”) under the Contract:

(a) Contractor fails or refuses to deliver materials conforming to the technical specifications or otherwise or fails to execute the works assigned to them within the period specified in LOA or any extension thereof.

(b) Contractor becomes insolvent or unable to pay its debts when due, or commits any act of bankruptcy, such as filing any petition in any bankruptcy, winding-up or reorganization proceeding, or acknowledges in writing its insolvency or inability to pay its debts; or the Contractor’s creditors file any petition relating to bankruptcy of Contractor;

(c) Contractor otherwise fails or refuses to perform or observe any term or condition of the Contract and such failure is not remediable or, if remediable,

continues for a period of 30 days after receipt by the Contractor of notice of such failure from OWNER.

(d) Contractor fails to arrange for signing of the comprehensive Annual Maintenance Contract through a quadripartite agreement between the Manufacturer, Contractor, OWNER and DISCOMs following handing over to OWNER and subsequently operation and maintenance done by DISCOMs 30 days prior to the handing over of the Work by the OWNER to DISCOM.

(e) Contractor fails or refuses to pay any amount due under the Contracts.

51.0 CONSEQUENCES OF DEFAULT:

If an Event of Default occurs and would be continuing, OWNER may forthwith terminate the Contract by written notice.

In the Event of Default, OWNER may, without prejudice to any other right granted to it by law, or the Contract, take any or all of the following actions;

- i) present for payment, to the relevant bank the Contract Performance Bank Guarantee;
- ii) Recover any losses and / or additional expenses, OWNER may incur as a result of Contractor's default.

52.0 FORCE MAJEURE:

- 52.1 The term "Force Majeure" as employed herein include, acts of God or force of nature, landslide, earthquake, flood, fire, lightning, explosion, major storm (hurricane, typhoon, cyclone etc.) or tidal wave, shipwreck and perils of navigation, act of war (declared or undeclared) or public enemy, strike (excluding employee strikes, lockouts or other industrial disputes or action solely among employee of Contractor or its sub-contractors) act or omission of Sovereign States or those purporting to represent Sovereign States, blockade, embargo, quarantine, public disorder, sabotage, accident or similar events beyond the control of the parties or either of them.

Force Majeure shall not include occurrences as follows :

1. Late delivery of materials caused by congestion of Vendor's facilities or elsewhere, and oversold condition of the market, inefficiencies, or similar occurrences.
2. Late performance by Contractor and / or Vendor caused by unavailability of raw materials, supervisors or labour, inefficiencies of similar occurrences.
3. Mechanical breakdown of any item of Contractor's or its Vendor's equipment, plant or machinery.
4. Delays due to ordinary storm or inclement weather or
5. Non-conformance by Vendor.

Unless the delay arises out of a Force Majeure occurrence and is beyond both Contractor's and Vendor's or Contractor's control and an alternate acceptable source of services, equipment or material is unavailable. Additionally, Force Majeure shall not include financial distress of Contractor or any Vendor.

- 52.2 In the event of either party being rendered unable by Force Majeure to perform any obligation required to be performed by them under the Contract, the relative obligation of the party affected by such Force Majeure shall be suspended for the period during which such cause lasts. Time for performance of the relative obligation suspended by Force Majeure shall then stand extended by the period for which the cause lasts.
- 52.3 Upon the occurrence of any Force Majeure event, the party so affected in the discharge of its obligation shall promptly, but no later than seven (7) days give written notice of such event to the other party. The affected party shall make every reasonable effort to remove or remedy the cause of such Force majeure or mitigate its effect as quickly as possible. If such occurrence results in the suspension of all or part of the work for a continuous period of more than 10(Ten) days, the parties shall meet and determine the measures to be taken.
- 52.4 Any delay or failure in performance by either party hereto shall not give rise to any claims for damages or loss of anticipated profits if and to the extent, such delay or failure is caused by Force Majeure.

F. RESOLUTION OF DISPUTES:

53.0 SETTLEMENT OF DISPUTES:

- 53.1 Any dispute(s) or difference(s) arising out of or in connection with the Contract shall, to the extent possible, be settled amicably between the parties.
- 53.2 If any dispute or difference of any kind, whatsoever, shall arise between the Owner and the Contractor arising out of the Contract for the performance of the Supply/works whether during the progress of the Supply/Works or after its completion or whether before or after the termination, abandonment or breach of the Contract, it shall, in the first place, be referred to and settled by the Engineer-In-Charge, who, within a period of thirty (30) days after being requested by either party to do so, shall give written notice of his decision to the owner and the Contractor.
- 53.3 Save as hereinafter provided, such decision in respect of every matter so referred shall be final and binding upon the parties until the completion of the Supply/Works and shall forthwith be given effect to by the Contractor who shall proceed with the Supply/Works with all due diligence, whether he or the Owner requires arbitration as hereinafter provided or not.
- 53.4 If after the Engineer-In-Charge has given written notice of his decision to the parties, no claim to arbitration has been communicated to him by either party within thirty (30) days from the receipt of such notice, the said decision shall become final and binding on the parties.
- 53.5 In the event of the Engineer-In-Charge failing to notify his decision as aforesaid within thirty (30) days after being requested as aforesaid, or in the event of either the Owner or the Contractor being dissatisfied with any such decision, or within thirty (30) days after the expiry of the first mentioned period of thirty days, as the case may be, either party may require that the matters in dispute be referred to arbitration as hereinafter provided.

54.0 ARBITRATION:

- 54.1 All disputes or differences in respect of which the decision, if any, of the Engineer-In-Charge has not become final or binding as aforesaid shall be settled by arbitration in the manner hereinafter provided.
- 54.2 The arbitration shall be conducted by three arbitrators, one each to be nominated by the Contractor and the Employer and the third to be appointed as a Presiding Arbitrator by both the arbitrators in accordance with the Arbitration & Conciliation Act 1996. If either of the parties fails to appoint its arbitrator within sixty (60) days after receipt of a notice from the other party invoking the Arbitration clause, the arbitrator appointed by the party invoking the arbitration clause shall become the sole arbitrator to conduct the arbitration.
- 54.3 The arbitration shall be conducted in accordance with the provisions of the Arbitration & Conciliation Act 1996 or any statutory modification thereof. The venue of arbitration shall be Bhubaneswar.
- 54.4 The decision of the majority of the arbitrators shall be final and binding upon the parties. The arbitrators may, from time to time, with the consent of all the parties, extend the time for making the award. In the event of any of the aforesaid arbitrators dying, neglecting, resigning or being unable to act for any reason, it will be lawful for the party concerned to nominate another arbitrator in place of the outgoing arbitrator.
- 54.5 The arbitrator shall have full powers to review and/or revise any decision, opinion, direction, certification or valuation of the Engineer in accordance with the Contract, and neither party shall be limited in the proceedings before such arbitrators to the evidence or arguments put before the Engineer for the purpose of obtaining the said decision.
- 54.6 No decision given by the Engineer-In-Charge in accordance with the foregoing provisions shall disqualify him as being called as a witness or giving evidence before the arbitrators on any matter whatsoever relevant to the dispute or difference referred to the arbitrators as aforesaid.
- 54.7 During settlement of disputes and arbitration proceedings, both parties shall be obliged to carry out their respective obligations under the Contract.

55.0 JURISDICTION OF COURT:

- 55.1 The laws applicable to the Contract shall be the laws in force in India. The **Honb'le Courts** of Bhubaneswar/Cuttack shall have exclusive jurisdiction in all matters arising under this Contract.
- 55.2 Writ Jurisdiction shall come under High Court Of Odisha.

G. OTHER TERMS AND CONDITIONS:**56.0 CONTRACTOR PERFORMANCE FEEDBACK AND EVALUATION SYSTEM:**

- 56.1 The owner has in place an established 'Contractor Performance and Feedback System' against which the Contractor's performance during the execution of Contract shall be evaluated on a continuous basis at regular intervals. In case the performance of the Contractor is found unsatisfactory on any of the following four parameters, the Contractor shall be considered ineligible for participating in future tenders of OWNER for a period as may be decided by the OWNER.
- (i) Financial Status
 - (ii) Project Execution and Project Management Capability.
 - (iii) Engineering & QA Capability

(iv) Claims & Disputes

57.0 INELEGIBILITY FOR FUTURE TENDERS:

- 57.1 Notwithstanding the provisions specified in ITB, if a bidder after having been issued the Letter of Award, either does not sign the Contract Agreement pursuant to ITB or does not submit acceptable Contract Performance Bank Guarantee or does not execute this contract, such bidder may be considered ineligible for participating in future tender of OWNER for a period as may be decided by the owner.

58.0 GRAFTS & COMISSIONS:

- 58.1 Any graft, commission, gift or advantage given, promised or offered by or on behalf of the Contractor or his partner(s), agent(s), officer(s), director(s), employee(s) or servant(s) or any one on his or their behalf in relation to the obtaining or to the execution of this or any other Contract with the OWNER, shall in addition to any criminal liability which it may incur, subject the Contractor to the cancellation of this and all other Contracts and also to payment of any loss or damage to the OWNER resulting from any cancellation. The OWNER shall then be entitled to deduct the amount so payable from any monies otherwise due to Contractor under the Contract.

8.3 The Contract shall in all respects be construed and governed according to Indian Laws.

8.4 It is clearly understood that the total consideration for the Contract(s) has been broken up into various components only for the convenience of payment of advance under the Contract(s) and for the measurement of deviations or modifications under the Contract(s).

9.0 MANNER OF EXECUTION OF CONTRACT:

9.1 The Owner shall issue the Letter of Award to the Contractor, which shall be acknowledged by the contractor duly signed by the Authorized Signatory and Stamped and sent to the Owner within 07 (Seven) days of issuance of Letter of Awards.

9.2 The Contractor shall finalise the Outline of Project Schedule-Annexure-XVI earlier furnished at the time of the Bidding with the OWNER within 21 days from the date of LOA for approval. The agreed work completion schedule shall form part of the contract agreement and also be applied for levy of liquidated damage.

The contractor shall also submit the sub-station wise work completion schedule along with sub-station wise cost breakup with reference to agreed work completion schedule and LOA respectively.

9.3 The contract shall be signed within 30 (Thirty) days of the issue of the Letter of Award, at the office of the Owner on a date and time to be mutually agreed. The Contractor shall provide Contract Performance Bank Guarantee, appropriate power of attorney and other requisite documents before signing of the contract. However, due to any circumstances on the part of the contractor if they fail to submit the acceptable Contract Performance Bank Guarantee (CPBG) within the above mentioned 30 days time, the contractor can request for submission of the same beyond the above period. The Owner may allow a time period of maximum up to another 30 (Thirty) days depending on the merit of the request provided the Bid Security (EMD) is valid for a period of one (1) month beyond the extension being sought by the successful bidder. In such case, the contractor has to submit the fresh CPBG / rectified CPBG. In no case the contract signing should be extended beyond 60 days from the date of LOA.

9.4 The Contract Agreement will be signed in 03 copies (01 original & 2 copies) and the Contractor shall be provided with one signed original and the rest will be retained by the Owner.

9.5 The Contractor shall provide free of cost to the Owner all the Engineering data, drawings, and descriptive materials submitted with the bid, in at least three (3) copies (01 Original & 2 Copies) to form as a part of the Contract immediately after issue of Letter of Award.

9.6 Besides, the Contractor shall provide 03 copies (01 Original & 2 Copies) of the contract document to the Owner within seven (07) days after the signing of the Contract at his own cost.

10.0 ENFORCEMENT OF TERMS:

10.1 The failure of either party to enforce at any time any of the provisions of this Contract or any rights in respect thereto or to exercise any option therein provided, shall in no way be construed to be a waiver of such provisions, rights or options or in any way to affect the validity of the Contract. The exercise by either party of any of its rights herein shall not

preclude or prejudice either party from exercising the same or any other right it may have under the Contract.

11.0 CONTRACTUAL OBLIGATION:

- 11.1 Unless otherwise terminated under the provisions of any other relevant clause, the obligation under this Contract shall be deemed to have been ceased on the expiry of the 'Latent defect Warranty'.

B. GUARANTEES & LIABILITIES:

12.0 TIME - THE ESSENCE OF CONTRACT:

- 12.1 The time and the date of completion of the Contract as stipulated in the Contract by the Owner without or with modifications, if any, and so incorporated in the Letter of Award, shall be deemed to be the essence of the Contract. The Contractor shall so organize his resources and perform his work as to complete it not later than the date agreed to.
- 12.2 The Contractor shall submit a detailed PERT network/bar chart within the time frame agreed consisting of adequate number of activities covering various key phases of the work such as Engineering, procurement, manufacturing, shipment and field erection activities within fifteen (15) days of the date of Letter of Award specifying the Key Mile Stone. This network shall also indicate the interface facilities to be provided by the Owner and the dates by which such facilities are needed. The Contractor shall discuss the network so submitted with the Owner and the agreed network shall form part of the Contract documents. As provided in the clause of Terms of Payment in this Section, finalisation of the network/bar charts will be pre-condition to release of any initial advance to the Contractor. During the performance of the Contract, if in the opinion of the Engineer, proper progress is not maintained, suitable changes shall be made in the Contractor's operations to ensure proper progress without any cost implication to the Owner. The interface facilities to be provided by the Owner in accordance with the agreed network shall also be review while reviewing the progress of the Contractor.
- 12.3 Based on the above agreed Work Completion Schedule (PERT/Bar Chart) specifying the Key Mile stones, the contractor shall supply the Materials and furnish fortnightly progress reports to the Engineer-In-Charge.
- 12.4 Such supply programme shall be reviewed, updated considering the progress of the work and site conditions and be submitted to the Engineer-In-Charge from time to time.
- 12.5 The above Work Completion Schedule (BAR/PERT Charts) and corresponding Supply and Erection Programme shall be compatible with the Owner's computer environment and furnished to the Owner on such media as may be desired by the Owner.

13.0 EFFECTIVE DATE OF CONTRACT:

- 13.1 The effective date of contract shall be reckoned from the date of issuance of Letter of Award.

14.0 LIQUIDATED DAMAGES FOR DELAY IN COMPLETION OF WORK:

- 14.1 If the Contractor fails to complete the erection work at site for each item of completed work as per the Work Completion Schedule submitted under the Contract, Owner shall

have the right to levy liquidated damages @0.5% for each week of delay or part thereof limited to maximum of 10% of the cost for the respective items of incomplete portion of works with reference to the agreed work completion schedule as per the agreed Key Mile stone.

- 14.2 Erection for any item will be deemed to have been completed only when all its parts (supply and erection at work site for each item of erection as per the agreed Work Completion Schedule) for that item of work has been completed. If parts of the items (supply & erection) as per Work Completion Schedule are not completed in time the erection for such item will be considered as incomplete erection of Work.
- 14.3 The total amount of liquidated damages for delay under the Contract will be subject to a maximum of 5% of the value of the erection contract.
- 14.4 The Owner shall recover the liquidated damages from the bills of the contractor.
- 14.5 However, if the liquidated damages remain un-recovered the same shall be recovered from the Contract Performance Bank Guarantee.

15.0 PERFORMANCE GUARANTEE:

- 15.1 The Contractor shall guarantee that the materials will be new, unused and in accordance with the Contract documents and free from defects in material and workmanship for a period of 02 years commencing immediately after the satisfactory commissioning. The Contractor's liability shall be to the extent of repair/replacement of such defective equipment/material either arising from faulty design or defective equipment/materials and/or bad workmanship. Such defective equipment shall be handed over to the Contractor for repair or replacement by a new one, unless otherwise repairable at site. The Contractor shall complete the repair/replacement work within the reasonable time frame intimated by the Engineer-In-Charge.
- 15.2 If any defects are not remedied within the time frame, the Engineer-In-Charge may proceed to do the work at the Contractor's risk and cost but without prejudice to any other rights, which the Owner may have against the Contractor in respect of such defects.
- 15.3 In the event of any emergency where in the judgement of the Engineer-In-Charge, delay would cause serious loss or damages or repairs may be made by the Engineer-In-Charge or a third party chosen by the Engineer-In-Charge without advance notice to the Contractor and the cost of such work shall be recovered from the Contractor. In the event such action is taken by the Engineer-In-Charge, the Contractor will be notified forthwith and he shall assist wherever possible in making necessary corrections. This shall not relieve the Contractor of his liabilities under the terms and conditions of the Contract.
- 15.4 If it becomes necessary for the Contractor to replace or renew any defective portions of the works the provision of this clause shall apply to portion of the works so replaced or renewed until the expiry of guarantee period.
- 15.5 The repaired or new parts will be supplied and erected free of cost by the Contractor. If any repair is carried out on his behalf at the site, the Contractor shall bear the cost of such repairs.

- 15.6 The cost of any special or general overhaul rendered necessary during the guarantee period due to defects in the equipment or defective work carried out by the Contractor, the same shall be borne by the Contractor.
- 15.7 The acceptance of the equipment/works by the Engineer-In-Charge shall in no way relieve the Contractor of his obligations under this clause.
- 15.8 In the case of those defective parts, which are not repairable at site but are essential for the operation of the equipment, the Contractor and the Engineer-In-Charge shall mutually agree to a programme of replacement or renewal, which will minimize interruption to the maximum extent in the operation of the equipment.
- 15.9 At the end of the guarantee period, the Contractor's liability ceases except for latent defects.
- 15.10 In respect of goods supplied by Vendor (Manufacturer) to the Contractor where a longer guarantee (more than 02 years) is provided by such Vendor/(Manufacturer), the Owner shall be entitled to the benefits of such longer guarantee.
- 15.11 The provisions contained in this clause will not be applicable.
- a) If the Owner has not used the equipment according to generally approved industrial practice and in accordance with the conditions of operations specified and in accordance with operating manuals, if any.
 - b) In case of normal wear and tear of the parts to be specifically mentioned by the Contractor in the offer.
- 15.12 The contractor shall not stand guarantee for the materials supplied by OWNER but shall stands guarantee during the erection of the materials.
- 15.13 FUNCTIONAL GUARANTEES: Bidder shall state the guaranteed technical particulars, performance or efficiency of different equipment/materials with respect to the Technical Specifications. Equipment/Materials offered shall have minimum acceptable particulars / performance/efficiency specified in Technical Specification.

16.0 DEFECTS LIABILITY PERIOD:

- 16.1 The Owner shall have the right to intimate the contractor in writing mentioning the defects / deficiencies noticed, if any, in the installation within six months from the date of commissioning and the contractor is obliged to rectify the same within a reasonable time at his (Contractor) cost.

17.0 LATENT DEFECT WARRANTY:

- 17.1 The period of latent defect warranty shall be 05 years from the date of completion of guarantee period.
- 17.2 The latent defect warranty shall mean such warranties which are 'Latent' to the equipment/materials supplied or erected which would not normally be discovered/seen by an inspection nor discoverable during the defects liability period. These are concealed flaws which one would normally not expect from the item during the execution of the contract or during the guarantee period but subjected from a construction defect for which the contractor shall remain liable for replacement/rectification for such 'Latent' defect.

17.3 OWNER shall exercise the right of warranty for replacement/rectification of Supply/Workmanship.

17.4 The OWNER will have a claim in damages against the contractor if the defects are a result of the contractor's breach of contract and/or negligence and the OWNER suffers loss as a result.

18.0 ANNUAL MAINTENANCE CONTRACT (AMC):

< Not Applicable to this Tender >

19.0 AFTER SALES SERVICES:

19.1 Contractor shall ensure that the respective Manufacturer extends necessary facilities towards after sales service to the equipment for all AIS/GIS Sub-Station commissioned by them after completion of Annual Maintenance Period on DISCOM/OWNER entering in to the after sales services arrangement at its option. The contractor shall produce a consent letter from the Manufacturer to this effect in the bid.

20.0 LIMITATION OF LIABILITIES:

20.1 The final payment by the Owner in pursuance of the Contract shall mean the release of the Contractor from all his liabilities under the Contract except for liabilities under Defect liability period, Guarantee period and Latent Defect Warranty period. Such contractual liabilities and responsibilities of the Contractor shall prevail till expiry of the Latent Defect Warranty period even after the final payment is released.

21.0 INSPECTION AND TESTING:

21.1 All the materials erected at site shall be inspected by the Owner or any authorized representative of the Owner or jointly by the Owner/representative of PMC/ Owners Authorized Representatives with the Third Party Inspecting Agency (TPIA) engaged by the nodal agency (i.e. OWNER) for the Project with respect to the technical parameters mentioned in the scope of works. After completion of each item of works as per PERT, the contractor shall give the advance intimation in writing about the place of Inspection and or Testing.

21.2 The Engineer-in-charge/Project Manager or their Authorized representative shall be entitled at all reasonable times during erection to inspect and examine the works at the project site about quality and workmanship of the erection (including Civil Structure Work) done under this contract. However, such inspection / examination and testing shall not relieve the contractor of his obligations to execute under the contract.

21.3 The Engineer-In-Charge shall have the right to re-inspect any equipment though previously inspected and approved by him at the Contractor's works, before and after the same are erected at Site. If by the above inspection, the Engineer-In-Charge rejects any equipment, the Contractor shall make good for such rejections either by replacement or modifications/repairs as may be necessary to the satisfaction of the Engineer-In-Charge, free of cost. Such replacement will also include the replacements or re-execution of such of those works of other Contractors and/or agencies, which might have got damaged or affected by the replacements or re-work done to the Contractor's work.

- 21.4 TPIA expenditure to be borne by OWNER. However, for any default on the part of the contractor or its vendor (materials not ready for inspection/2nd time inspection of the same equipment/works due to short comings in the equipment/works offered for inspection) the consequential charges shall be recovered from the Contractor.

22.0 DEVIATION TO THE SCOPE OF WORKS:

- 22.1 Deviation to the scope of works is not permissible under the contract. However, any variation to the scope during execution shall only be made with the prior approval of OWNER justifying the reason of such changes. Changes in quantity within the limit of $\pm 25\%$ of the BOQ of the scope of work shall be allowed by OWNER at the same Unit Price. However, for any change in quantity more than 25% of the BOQ of the scope of work, contractor shall have to allow a discount of 10% to their Unit price.

23.0 ENGAGEMENT OF SUB-CONTRACTOR:

- 23.1 The engagement of Sub-Contractor is normally not allowed. However, for the purpose of associated work where it is warranted, the contractor shall engage Sub-Contractor with the prior written permission of the OWNER.
- 23.2 Under no circumstances the Sub-Contractor shall further Sub-contract, transfer, assign or otherwise part with the Contract or any part thereof, either directly or indirectly.

24.0 NO WAIVER OF RIGHTS:

- 24.1 Neither the inspection by the Owner or the Engineer or any of their officials, employees, or agents nor any order by the Owner or the Engineer for payment of money or any payment for or acceptance of, the whole or any part of the works by the Owner or the Engineer, nor any extension of time, nor any possession taken by the Engineer shall operate as a waiver of any provision of the Contract, or of any power herein reserved to the Owner or any right to damages herein provided nor shall any waiver of any breach in the Contract be held to be a waiver of any other or subsequent breach.

25.0 CERTIFICATE NOT TO AFFECT RIGHT OF OWNER AND LIABILITY OF THE CONTRACTOR:

- 25.1 No interim payment certificate of the Engineer, nor any sum paid on account by the Owner, nor any extension of time for execution of the works granted by the Engineer shall affect or prejudice the rights of the Owner against the Contractor or relieve the Contractor of his obligation for the due performance of the Contract, or be interpreted as approval of the works done or of the equipment furnished and no certificate shall create liability for the Owner to pay for alterations, amendments, variations or additional works not ordered, in writing, by the Engineer or discharge the liability of the Contractor for the payment of damages whether due, ascertained, or certified or not or any sum against the payment of which he is bound to indemnify the owner, nor shall any such certificate nor the acceptance by him of any sum paid on account or otherwise affect or prejudice the rights of the Owner against the Contractor.

26.0 ENGINEER-IN-CHARGE'S DECISION:

- 26.1 In respect of all matters which are left to the decision of the Engineer-In-Charge including the granting or with-holding of the certificates, the Engineer-In-Charge shall, if required to do so by the Contractor, give in writing a decision thereon.
- 26.2 If, in the opinion of the Contractor, a decision made by the Engineer-In-Charge is not in accordance with the meaning and intent of the Contract, the Contractor may file with the Engineer-In-Charge, within fifteen (15) days after receipt of the decision, a written objection to the decision with a copy to the Project Manager. Failure to file an objection within the allotted time will be considered as an acceptance of the Engineer-In Charge's decision and the decision shall become final and binding. In the event, the decision made by the Engineer-In-Charge is not acceptable to the Contractor; they may refer the matter to the Project Manager for intervention and resolution of the issue.
- 26.3 The Engineer-In Charge' decision and the filing of the written objection thereto shall be a condition precedent to the right to request for arbitration. - 85.1 If the Contractor shall neglect to execute the works with due diligence and expedition or shall refuse or neglect to comply with any reasonable order given to him, in writing by the Engineer-In-Charge in connection with the works or shall contravene the provisions of the Contract, the Owner may give notice in writing to the Contractor to make good the failure, negligence or contravention complained of. Should the Contractor fail to comply with the notice within thirty (30) days from the date of serving the notice, then and in such case the Owner shall be at liberty to employ other workmen and forthwith execute such part of the

works as the Contractor may have neglected to do or if the Owner shall think fit, without prejudice to any other right he may have under the Contract to take the work wholly or in part out of the Contractor's hands and re-Contract with any other person or persons to complete the works or any part thereof and in that event the Owner shall have free use of all Contractors equipment that may have been at the time on the site in connection with the works without being responsible to the Contractor for fair wear and tear thereof and to the exclusion of any right of the Contractor over the same, and the Owner shall be entitled to retain and apply any balance which may otherwise be due on the Contract by him to the Contractor, or such part thereof as may be necessary, to the payment of the cost of executing the said part of the works or of completing the works as the case may be. If the cost of completing of works or executing part thereof as aforesaid shall exceed the balance due to the Contractor, the Contractor shall pay such excess. Such payment of excess amount shall be independent of the liquidated damages for delay, which the Contractor shall have to pay if the completion of works is delayed.

85.2 In addition, such action by the Owner as aforesaid shall not relieve the Contractor of his liability to pay liquidated damages for delay in completion of works as defined in this Section.

85.3 Such action by the Owner as aforesaid under this clause shall not entitle the Contractor to reduce the value of the Contract performance Guarantee nor the time thereof. The Contract Performance Guarantee shall be valid for the full value and for the full period of the Contract including guarantee period.

86.0 SUSPENSION OF WORK:

86.1 The Owner reserves the right to suspend and reinstate execution of the whole or any part of the works without invalidating the provisions of the Contract. Orders for suspension or reinstatement of the works will be issued by the Engineer-In-Charge to the Contractor in writing. The time for completion of the works will be extended for a period equal to duration of the suspension.

86.2 Any necessary and demonstrable cost incurred by the Contractor as a result of such suspension of the works will be paid by the Owner, provided such costs are substantiated to the satisfaction of the Engineer-In-Charge. The Owner shall not be responsible for any liabilities if suspension or delay is due to some default on the part of the contractor or his sub-contractor.

87.0 DELAYS BY OWNER OR HIS AUTHORISED AGENTS:

87.1 In case the completion of the Contract is delayed due to the reason(s) attributable to OWNER viz; handing over the sub-station Land, delay in approval of drawings due to extraneous reason etc, then the Contractor shall be given due extension of time for the completion of the works, to the extent of such delay.

87.2 Regarding reasonableness or otherwise of the extension of time, the decision of the OWNER shall be final.

88.0 INCENTIVE:

88.1 The contractor shall submit the Feeder wise work completion schedule along with Feeder wise cost breakup with reference to agreed work completion schedule and contract price as per LOA respectively within 21 days from the date of LOA. The sum total of price for

each Feeder with Associated Lines shall match with the contract price for the package both for supply and erection.

- 88.2 Based on the agreed work completion schedule Feeder wise, 0.5% of the contract price (both supply and erection Feeder wise) shall be paid as incentive for early completion of Feeder with associated lines per completed fortnight (no proportionate for the part thereof) with reference to agreed work completion schedule for the Feeder subject to overall limit of 3% of the total price both supply and erection for each Feeder.

(H) DISPUTE RESOLUTION:

89.0 DISPUTES RESOLUTION AND SETTLEMENT OF DISPUTES:

89.1 SETTLEMENT OF DISPUTES:

- 89.1.1 Any dispute or difference arising out of or in connection with the Contract shall, to the extent possible, be settled amicably between the parties.
- 89.1.2 If any dispute or difference of any kind, whatsoever, shall arise between the Owner and the Contractor arising out of the Contract for the performance of the Works whether during the progress of the Works or after its completion or whether before or after the termination, abandonment or breach of the Contract, it shall, in the first place, be referred to and settled by the Engineer-In-Charge, who, within a period of thirty (30) days after being requested by either party to do so, shall give written notice of his decision to the owner and the Contractor.
- 89.1.3 Save as hereinafter provided, such decision in respect of every matters so referred shall be final and binding upon the parties until the completion of the Works and shall forthwith be given effect to by the Contractor who shall proceed with the Works with all due diligence, whether he or the Owner requires arbitration as hereinafter provided or not.
- 89.1.4 If after the Engineer-In-Charge has given written notice of his decision to the parties, no claim to arbitration has been communicated to him by either party within thirty (30) days from the receipt of such notice, the said decision shall become final and binding on the parties.
- 89.1.5 In the event of the Engineer-In-Charge failing to notify his decision as aforesaid within thirty (30) days after being requested as aforesaid, or in the event of either the Owner or the Contractor being dissatisfied with any such decision, or within thirty (30) days after the expiry of the first mentioned period of thirty days, as the case may be, either party may require that the matters in dispute be referred to arbitration as hereinafter provided.

90.0 ARBITRATION:

- 90.1 All disputes or differences in respect of which the decision, if any, of the Engineer-In-Charge has not become final or binding as aforesaid shall be settled by arbitration in the manner hereinafter provided.
- 90.2 The arbitration shall be conducted by three arbitrators, one each to be nominated by the Contractor and the Owner and the third to be appointed as an umpire by both the arbitrators in accordance with the Arbitration and Conciliation Act 1996. If either of the parties fails to appoint its arbitrator within sixty (60) days after receipt of a notice from the

other party invoking the Arbitration clause, the arbitrator appointed by the party invoking the arbitration clause shall become the sole arbitrator to conduct the arbitration.

- 90.3 The arbitration shall be conducted in accordance with the provisions of the Arbitration and Conciliation Act 1996 or any statutory modification thereof. The venue of arbitration shall be Bhubaneswar.
- 90.4 The decision of the majority of the arbitrators shall be final and binding upon the parties. The arbitrators may, from time to time with the consent of all the parties enlarge the time for making the award. In the event of any of the aforesaid arbitrators dying, neglecting, resigning or being unable to act for any reason, it will be lawful for the party concerned to nominate another arbitrator in place of the outgoing arbitrator.
- 90.5 The arbitrator shall have full powers to review and/or revise any decision, opinion, direction, certification or valuation of the Engineer-In-Charge in accordance with the Contract, and neither party shall be limited in the proceedings before such arbitrators to the evidence or arguments put before the Engineer-In-Charge for the purpose of obtaining the said decision.
- 90.6 No decision given by the Engineer-In-Charge in accordance with the foregoing provisions shall disqualify him as being called as a witness or giving evidence before the arbitrators on any matter whatsoever relevant to the dispute or difference referred to the arbitrators as aforesaid.
- 90.7 During settlement of disputes and arbitration proceedings, both parties shall be obliged to carry out their respective obligations under the Contract.

91.0 JURISDICTION OF COURT:

- 91.1 The laws applicable to the Contract shall be the laws in force in India. The Honb'le Courts of Bhubaneswar/Cuttack shall have exclusive jurisdiction in all matters arising under this Contract.
- 91.2 Writ Jurisdiction shall come under High Court Of Odisha.

92.0 DEFENCE OF SUITS:

- 92.1 If any action in court is brought against the Owner or Engineer-In-Charge or an officer or agent of the Owner, for the failure, omission or neglect on the part of the Contractor to perform any acts, matters, covenants or things under the Contract, or for damage or injury caused by the alleged omission or negligence on the part of the Contractor, his agents, representatives or his Sub-Contractors, or in connection with any claim based on lawful demands of sub-Contractors, workmen, suppliers or employees, the Contractor shall in all such cases indemnify and keep the Owner, and the Engineer-In-Charge and/or his representative, harmless from all losses, damages, expenses or decrees arising of such action.

(I) OTHER TERMS AND CONDITIONS:

93.0 GRAFTS AND COMMISSIONS ETC.:

- 93.1 Any graft, commission, gift or advantage given, promised or offered by or on behalf of the Contractor or his partner(s), agent(s), officer(s), director(s), employee(s) or servant(s) or any one on his or their behalf in relation to the obtaining or to the execution of this or any

other Contract with the Owner, shall in addition to any criminal liability which it may incur, subject the Contractor to the cancellation of this and all other Contracts and also to payment of any loss or damage to the Owner resulting from any cancellation. The Owner shall then be entitled to deduct the amount so payable from any monies otherwise due to Contractor under the Contract.

94.0 CONTRACTOR PERFORMANCE FEEDBACK AND EVALUATION SYSTEM:

94.1 The owner has in place an established 'Contractor Performance and Feedback System' against which the Contractor's performance during the execution of Contract shall be evaluated on a continuous basis at regular intervals. In case the performance of the Contractor is found unsatisfactory on any of the following four parameters, the Contractor shall be considered ineligible for participating in future tenders of Odisha Power Transmission Corporation Ltd for a period as may be decided by the OWNER.

- i. Financial Status
- ii. Project Execution and Project Management Capability.
- iii. Engineering & QA Capability
- iv. Claims & Disputes

95.0 INELEGIBILITY FOR FUTURE TENDERS:

95.1 Notwithstanding the provisions specified in ITB, if a bidder after having been issued the Letter of Award, either does not sign the Contract Agreement pursuant to ITB or does not submit acceptable Contract Performance Bank Guarantee or does not execute this contract, such bidder may be considered ineligible for participating in future tender of OWNER for a period as may be decided by the owner.

Dear Sir,

1. We, the undersigned Bidder having visited the Official Tender Portal of the OWNER and having read and examined in detail the Tender Documents [e-NIT, Free View Documents (.pdf) and Bid Forms(in XLS formats)] including specifications of the package referred above, do here by propose to engineer and supply including all types of test at manufacturer's works, ocean shipment, marine insurance, custom clearance, port clearance and handling, inland transportation, inland transit insurance, delivery to site, loading & unloading, storage, insurance during storage and inside site transportation and erect and commission of the materials supplied under this contract including installation, performance testing and handing over to the OWNER of the complete Construction of Sub-Station and associated lines work on EPC contract basis.

We, agree to the following major terms and conditions of the tender;

2.0 PRICES AND VALIDITY:

- 2.1 We declare that the prices quoted in our proposal are in accordance with your "Instructions to Bidders" and as per the bid form (in XLS formats) available in the Official tender Portal of the OWNER.
- 2.2 All the prices and the price components stated are FIRM and fixed during the period of the contract (except for statutory variations) in line with your bid documents/Schedules.
- 2.3 All the prices and other terms and conditions of this proposal are valid for a period of **180 (One Hundred Eighty) Days** from the date of opening of the bids as mentioned in the original tender notice.
- 2.4 The prices and the price components in line with the requirements of the bid documents Section-II of the Volume-III (Price Schedules) are keyed-In and uploaded in the Official Tender Portal of the OWNER.

- 2.5 We hereby declare that our bid prices cover entire scope of the work to complete the work in accordance with Bid Documents.
- 2.6 We hereby declare that prices left blank or indicating “nil/zero/0/dash/-/Not Applicable/NA/any other notation other than price” in the Schedules will be deemed to have been included in the prices of other items/total quoted Bid Price. The total of Grand Summary of the Price Schedules shall be deemed to be the total price inclusive of all taxes and duties.
- 2.7 If there is a discrepancy between unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and total price shall be corrected. If there is a discrepancy in the quantity mentioned by the bidder from the quantity mentioned in the tender the tendered quantity (BOQ) will prevail.
- 2.8 We do not anticipate any change in ownership of company/firm. If at all and there would be a change in ownership, we undertake that our obligation under the contract in case we become successful bidder, shall stand.

3.0 TAXES & DUTIES:

- 3.1 We declare that all the taxes and duties on transaction between us and our vendors and on transaction between the Owner and us are included in the quoted price and no separate claim on this behalf will be entertained by the OWNER.
- 3.2 However, any statutory variations in taxes & duties during the contract period on the materials supplied including bought out items is to OWNER's account. The said statutory variations in the taxes & duties shall be payable/receivable based on the TAX INVOICE vis-à-vis the amount of taxes and duties breakup shown in the price schedule submitted by the bidder at the time of bidding.
- 3.4 If the Entry Tax has been quoted as nil, it will be deemed to be included/exempted in our quoted price and the same shall be borne by us. If the Entry Tax is quoted to OWNER's Account, the amount of Entry Tax (..% age of sum of Ex-Works including Packing + Excise Duty+ Sales Tax/VAT + Freight & Insurance) as applicable shall be loaded to the Price quoted by us for the purpose of evaluation.
- 3.5 If the Entry Tax has been quoted nil by us, in such a case the Entry Tax amount paid by the OWNER, shall be deducted from our Bill. If the Entry Tax has been quoted in our price bid, in such a case the Entry Tax amount paid by the OWNER shall be recovered from our Bill, if the Entry Tax is included in our bill.
- 3.6 As regards the Income Tax, surcharge on Income Tax, statutory payments and other corporate taxes, we will be responsible for such payments to the concerned authorities.
- 3.7 The statutory deduction of taxes and duties at source as applicable, related to these works, shall be made by OWNER from our bills for which we cannot claim any reimbursement. TDS so deducted shall be deposited with the relevant tax Authorities & TDS certificates shall be issued by OWNER.
- 3.8 We declare that, the discount, if any, offered by us shall be expressly mentioned in the price bid. The discount offered elsewhere in the bid shall not considered by the OWNER. The discount offered, if any, the same will be applied pro-rata on the amount quoted before the discount.
- 3.9 In case, where we have quoted for certain items based on the quotes of the approved sub-vender(s), the payment shall be made only to us limited to the quoted total amount after discount against those items.

4.0 DEVIATIONS

4.1 We hereby declare that work shall be performed strictly in accordance with the Technical Specifications & Commercial Terms and conditions specified in the Bidding Documents except for the deviation detailed out exhaustively in the following sheet.

- (a) Commercial NIL Deviations Attach 8.pdf
- (b) Technical Deviations Attach 9.pdf

Further, we confirm that any deviations found elsewhere in our proposal, other than those stated in above deviation sheet, shall not be given effect to. Deviation on account of better specification may be acceptable to OWNER, without any cost implication to the OWNER.

However, we understand that any deviations with respect to the Technical Specifications & Commercial Terms and conditions specified in the Bidding Documents not acceptable to the OWNER may render my bid non-responsive.

4.2 We have read the following major provisions of the ITB & GCC (Supply & Erection) and confirm that the specified stipulations of these provisions are acceptable to us irrespective of whatever has been stated to the contrary anywhere-else in our proposal.

- (a) Terms of Payment
- (b) Bid Security(EMD)
- (c) Contract Performance Bank Guarantee (Supply & Erection)
- (d) Liquidated damage for Delay in Delivery & Work Completion (Supply & Erection)
- (e) Price Basis & Payments (Supply & Erection)
- (f) Guarantee/Warranty(Supply & Erection)
- (g) Defect liability Period (Supply & Erection)
- (h) Completion Time (Supply & Erection)
- (i) Latent Defect Warranty (Supply & Erection)

We further confirm that any deviations to the above clauses at Sl.No. (a) through (i) found anywhere in our bid proposal implicit or explicit shall stand unconditionally withdrawn, without any cost implications whatsoever to the OWNER.

5.0 TENDER COST, TENDER PROCESSING FEES AND BID SECURITY:

Bid Security(EMD)			

6.0 QUALIFICATION DATA:

- 6.1 We confirm having uploaded(attachment.pdf)/keyed-in(Schedules) against the Techno-Commercial and Financial qualification requirement on your official tender portal as per qualifying criteria specified in the Instruction to bidders, Vol.-I.
- 6.2 In case, you require any further information in this regard, before evaluation of our bid, we agree to furnish the original in time to your satisfaction.
- 6.3 We declare that the documentary evidence in support of the above qualifying requirement and the information filled by us in this regard are correct to the best of our knowledge and belief. We undertake that if any of these documentary evidence/information are found incorrect, our bid shall be liable for rejection, and in the event we emerge successful in the bidding process and are awarded the work, we will be liable for all consequential damages apart from termination of the contract.

7.0 OTHER STATUTORY DOCUMENTS:

- 7.1 We have also uploaded (as an attachment .pdf) all the statutory documents mentioned in the ITB in support of the qualifying criteria.

8.0 BID CAPACITY:

- 8.1 We confirm that we have uploaded (documents attachemnt.pdf)/Keyed-in the schedules to meet our bid capacity criteria. We undertake to abide by the bid capacity assessed by the OWNER as per the following bid capacity qualification, if found successful in the bidding process;
“100% of the highest Annual Turnover of the company only (excluding its sister companies) any one year out of preceding five Financial Years to the year of the tender notification. However, while awarding the contract, a bidder shall be awarded four packages or the Bid Capacity Qualification whichever is lower”.
- 8.2 In case we participate through Joint Venture/Consortium, we and our partner together shall also agree to the above bid capacity criteria.

9.0 CONSTRUCTION OF CONTRACT:

- 9.1 We understand that in case of award, the contract to be entered into shall be treated as a divisible Supply-Cum- Erection Contract. The Supply portion of the contract will relate to engineering, manufacturing, testing & inspection at manufacturer's works, packing, forwarding and transportation of equipment and materials, special tools & tackles and spares etc. (both in India/abroad) from manufacturing works/place of despatch (both in India/abroad) to project site including transit insurance as per Bidding documents. The Erection portion of the contract will relate to unloading, handing at site, storage, storage-cum-insurance and preservation at site, erection, testing, commissioning including all associated Mechanical, Electrical, Civil and Construction of all associated Structural & architectural works etc. for Construction of Sub-Stations and associated lines as per bidding documents.
- 9.2 We further agree that if the contract is awarded to us it will be on single source responsibility basis and breach in any portion or part of one contract shall be construed as a breach of the other contract as well, which will confer on you the right to terminate the other contract, at our risk and cost.

10.0 WORK COMPLETION SCHEDULE:

- 10.1 If this proposal is accepted by you, we agree to submit engineering data, provide services and complete the entire works from time to time in accordance with schedules uploaded in the tender portal of the OWNER in line with the ITB and acceptable to OWNER.
- 10.2 We fully understand that the time schedule stipulated in the proposal is the essence of the contract, if awarded. To this effect the detailed PERT network/Bar Chart (work completion schedule) indicating key mile stones have been uploaded in the tender portal.
- 10.3 We undertake to submit the sub-station wise work completion schedule along with sub-station wise cost breakup with reference to agreed work completion schedule and LOA respectively within 21 days from the date of LOA.
- 10.4 We undertake to complete the works in a phased manner as per the work schedule agreed to the OWNER.

11.0 SIGNING OF THE CONTRACT AGREEMENT:

- 11.1 We undertake to sign the Contract Agreement as per the proforma mentioned in the ITB within **30(thirty)** days of Letter of Award.

12.0 CONTRACT PERFORMANCE BANK GUARANTEE:

- 12.1 We agree that if our proposal is accepted, we shall provide an irrevocable Contract Performance Bank Guarantee (from list of Banks mentioned in the annexure to this documents) in non-judicial stamp paper of appropriate value (as per the prescribed format) within 30 (thirty) days from the date LOA issued in favour of the ODISHA Power Transmission Corporation Ltd. The Bank Guarantee amount shall be equal to ten percent (10%) of the Contract Price separately for Supply portion and Erection portion. The bank guarantee shall be valid for 90 days over and above work completion period plus Guarantee Period. If the work completion period gets extended the Contract Performance Bank guarantee shall be extended accordingly.
- 12.2 In case we have participated through JV/consortium, the Contract Performance Bank Guarantee shall be 10% of the contract Price (contributed by both the partners in their JV/consortium sharing ratio).

13.0 PERFORMANCE GUARANTEE:

- 13.1 We Certify that all the material supplied under this contract are new and guaranteed to cover the guarantee period and shall conform to high standards of engineering and shall be capable of performing in continuous commercial operation in a manner acceptable to **OWNER**.
- 13.2 We declare that the ratings and the performance figures/parameters of the equipment/ plant furnished & erected by us are guaranteed in line with the GTP and Technical Specifications of Volume-II to cover the entire guarantee period.
- 13.3 We also undertake to take up the rectification/repair/replacement of materials or works, if any, during the defect liability period and latent defect liability.

14.0 SELF DECLARATION FORM:

- 14.1 I/We, the undersigned do hereby declare that, I/We have never been blacklisted and / or there were no debarring actions against us for any default in executing the EPC/Turnkey

Contract or in the performance of the contract entrusted to us in any of the Electricity Distribution/Transmission Utilities of India.

- 14.2 In the event of any such information pertaining to the aforesaid matter found at any given point of time either during the course of the contract or at the bidding stage, my bid / contract shall be liable for rejection/ cancellation / termination without any notice at the sole discretion of the Owner.

15.0 CHECK LIST:

- 15.1 We confirm having enclosed a check list duly keyed-in Schedule of this proposal and confirm that all necessary data/information have been provided in our proposal as required in the bidding documents.

16.0 ACKNOWLEDGEMENT OF DISCLAIMER:

- 16.1 We undertake that we have conducted our own estimation and analysis and checked the accuracy, reliability and completeness of the information contained in the bid Document (Tender Notification, Free view Documents and Bid Forms) uploaded in the e-tendering portal and obtained independent advice from appropriate sources in our own interest for the purpose of bidding.
- 16.2 We understand that OWNER is not responsible for the Tender Portal being temporarily unavailable due to any technical issue at any point of time. In that event OWNER will not be liable or responsible for any damages or expenses arising from any difficulty, error, imperfection or inaccuracy with this Tender Portal.
- 16.3 We agree to follow the time table of e-tendering process and get the activities of e-tendering processes done well in advance so as to avoid any inconvenience.
- 16.4 We undertake that in case of technical error/ failure of Tender Portal, we shall not challenge it by way of appeal, arbitration and in the Court of Law.

17.0 DECLARATION:

- 17.1 We, hereby declare that only the persons or firms interested in this proposal as principals are named herein and that no other person or firm other than those mentioned herein have any interest in this proposal or in the contract to be entered into if we are awarded the contract, and that this proposal is made without any connection with any other person, firm or party submitting a proposal and that this proposal is in all respect for and in good faith, without collusion or fraud.
- 17.2 Further, We hereby declare that we have gone through and understood the bid documents (including schedules in XLS available in the e-tender portal) in detail and tender portal instructions for the purpose of participating in the bidding process and enclose herewith attachments (in .pdf) uploaded and Schedules (in XLS) Keyed-in both in line with the original document.
